OFFICIAL PAPER OF THE CITY.

THE NEWS

The telegraph to-day has been humming with a pleasant music, and brings us the joyful intelligence of the downfall of Atlanta. General Sherman's army entered the city on yesterday, after having fought and whipped Hood's army with heavy loss to the rebels. Thus has the promise been verified which Sherman made to us months ago, that if the people would only possess their souls in patience Atlanta should eventually be ours, and thus will Richmond fall as New Orleans and Vicksburg and Atlanta have fallen before. The glorious army of the Union is invincible and will win its way to victory in spite of peace traitors in front and in spite of their more contemptible allies in the rear.

Early seems to have established himself firmly in the valley and is receiving reinforcements. His headquarters are at Bunker Hill and he has built a telegraph line to Richmond. He seems disposed to stay.

Federal forces to the number of 12,000 or 13,000 men are operating in East Tennessee. They have driven the rebels from Jonesboro, and are destroying the railroad in that vicinity.

Secretary Stanton states that the credits on the late call for troops will reduce the number to be obtained to about 300,000.

Gen. Sully had a fight with a large body of Indians, near Knife River on the 25th of July. The savages was defeated with a loss of 150 men, while Sully's casualities numbered only 25 or 30.

THE LATEST reports by steamer, from Europe, state that the riots between the Catholics and Orangemen had recommenced in Belfast, Ireland. They began on the night of August 8, when an Orange mob burned Daniel O'Connel in effigy. This was resented by the Catholics, and both parties have since indulged in fearful excesses. The town was, for a whole week, at the mercy of two hostile mobs. The police fired on the crowd and some thirty persons were shot, many of them fatally. Churches, schools, stores, private dwellings, a nunnery, the residence of the Catholic Bishop, and some public buildings were assailed and either totally destroyed or greatly damaged.

THE DAILY WISCONSIN that has heretofore manifested some lukewarmness towards Mr. Lincoln, especially since the Editor-in-chief had so pleasant an interview with little Mac last spring, cannot hesitate any longer as to its course in the present campaign. It closes an editorial upon the situation in these words:

"It thus appears that the nominees of the Chicago Convention are really engaged in a campaign *against* Grant, Sherman and Farragut. We have a profound and living faith that these men will win, and that, therefore, they will bury the McClellan and Pendleton ticket in the same tomb in which they encoffin the rebels.

EX-SECRETARY CHASE, in a letter to gentlemen in Boston, says of the published report of his having invested his private funds in foreign countries, that the statement belongs to a class best described as "lies absolute." He has never invested in foreign funds, and says no true American will do so when all that can be spared is required for the suppression of the rebellion at home.

THE Boston *Evening Transcript*, one of the ablest papers published at the "Hub," very justly remarks that the true Copperhead principle has never been more lucidly stated than it was by a Mr. Silas Drew of Bangor, in the late Maine Peace Convention, who said "he believed Gen. Lee to be the advocate of true self-government, and Abraham Lincoln a hellish tyrant." This sentiment was loudly cheered.

IN A letter to his father, received last Wednesday, General Grant says that the Southern Confederacy cannot possibly recruit their armies, for they have already "robbed the cradle and the grave" for that purpose. He furthermore reiterates what he said some days since, that, but for the Northern opposition, the rebellion could be completely squelched by the present campaign.

THE NEWS received in England from this country, previous to the sailing of the Europa, was regarded as favorable to the North, and the Confederate loan declined 2@3 per cent. The London *Times* says the fighting in front of Petersburg exhibited a valor that cannot fail to secure respect of Europeans for American soldiers. Riots continued in various parts of Ireland.

UP TO the 17th of August not a single case of yellow fever had been reported in the New Orleans hospitals or among the patients of the physicians of that city. Since the Union occupation and the clean streets which have resulted from it, New Orleans has been almost entirely free from its former persistent pest.

DEAN RICHMOND is reported in the New York *World* to have said very explicitly to Vallandigham, when he whimperingly boasted of his "record:" "Damn your record! No man here needs a record over a week."

GEN. Canby has authorized Col Dwight, our commissioner of exchange, to effect an immediate release of our prisoners, some 3,500 in number, now in Camp Ford, Texas.

A LADY in Berkshire was delivered of her twenty-first child last week. Her husband is as well as can be expected.

REV. A. S. CHAPIN, D. D., will preach in the Congregational Church to-morrow morning and evening.

BELOIT COLLEGE.—The fall term in Beloit College will commence on Wednesday the 28th of September next, and close on the 24th of December following.

NOTICE.—Hope Chapel will be opened for the use of Hope Sabbath school, to-morrow, by appropriate religious services and a sermon by the pastor, commencing at 2 o'clock. Hope Subbath School will meet at the same place at 4 o'clock.

ONE HUNDRED AND SIX MORE.—There was forwarded to-day from the Provost Marshal's office, one hundred and six splendid men. If other sections of the country are sending as good a class of men as go from here, the reinforcements for our army will be of the best material.

MEMBERS OF THE 13TH CAPTURED.—We learn from a gentleman just arrived in the city, from the Southwest, that six members of the 13th regiment—Smith, Gibbs, Clayton, Nash, Bleckner and one other—who crossed the Tennessee on some errand, were gobbled up about twelve days ago by guerrillas, and carried off.—They had been heard from since their capture and were well.

A BAD FALL.—As Mrs. H. M. King was passing along Main, just north of Milwaukee street, yesterday afternoon, she slipped on the skin of an apple or plum which had been carlessly thrown upon the walk, and fell with considerable force, jarring her quite severely.

The practice of throwing the parings of fruit upon a sidewalk, is a dangerous one, as many a person has received a life-long injury from a fall received from stepping upon them. Besides, it renders the municipal authorities liable in many instances to heavy damages, so received.

LET US OPEN THE CAMPAIGN.—The citizens of Janesville friendly to the administration, are requested to meet at the Court Room on Monday night, Sept. 5th, to take measures for a vigorous campaign against the rebel hosts now marshalling under the auspices of the copperhead convention that assembled at Chicago, and to transact such other business as the occasion demands.

THE QUOTA OF THIS DISTRICT.—The following telegram received by Capt. Putnam from the Provost Marshal General of this State, fixes the quota of this district. It will be seen that our quota is materially reduced, and there is no reason why every town in the district should not furnish the number required of it without a draft, especally as it is not likely that the draft will take place within ten days.

MADISON Sept. 1st, 1864.—*To Capt. S. J. M. Putnam, Janesville, Wis:* The quota under the call of July 18th, is reduced twelve hundred and thirty-three, leaving a quota Sept. 1st of twenty-four hundred and thirty-nine for your District.

Bereavements—Letter of Condolence.

(For the Daily Gazette.)

Many are the bereavements that have been occasioned by this war of traitors against the government. Pleasant home circles all over the land have thus been broken up. A fearful reckoning must yet be had with the treason-plotters who are still engaged in their diabolical work. The stern law of retribution will surely have its demand upon them sooner or later. Many of them have already had bitter experience of the workings of this inexorable law, and many more of them have yet to feel its power. The rebel leaders and sympathisers, North and South, are directly responsible for the life and treasure that have been sacrificed in this bloody conflict—responsible for the deep sorrow that has spread its dark pall over tens of thousands of households! Truly, a fearful reckoning awaits them. The verdict of an outraged people will be quite as much as they can bear.

Speaking of bereavements, we have in mind our good friends and friends of the soldier, Mr. and Mrs. Wm. Patterson, of Richmond, Walworth Co. Four dear sons went out from their pleasant home, at the call of their country. One returned with impaired health, while three of them found soldiers' graves! Willie Patterson, of the 22d Wis. Reg., died in hospital at Nashville, Tenn., March 6th, 1863, aged nineteen years. Ashbel Patterson, of the 4th Wis. Cavalry, was killed at Port Hudson, June 14th, 1863, aged twenty-three years. Josiah Patterson, of the 13th Wis. Reg., died in hospital at Fort Donelson, June 28th, 1863, aged twenty-five years. One is buried at Nashville, one at Fort Donelson, and the other fills a nameless grave on the battle field of Port Hudson. But in the language of the letter below, we trust "he rests well."

Mr. and Mrs. Patterson have been indeed sadly afflicted, but they realize that their sons have fallen in a good cause—in defense of our government and the rights of man. They have no regrets that their boys became soldiers. On the contrary, they are glad that their sons were moved by a patriotic impulse to answer their country's call in such a trying emergency. These afflicted parents are true patriots; and though they have no sons now in the army of the Union, they are deeply interested in the cause for which the nation is struggling. Like tens of thousands of others who have been sadly afflicted, they will continue to hold the national cause—the cause of universal liberty, dear, and will esteem it their duty to labor still, and if need be, suffer for their country's good. We cannot doubt that we have true patriots enough in the land to rescue our nation from the grasp of those who would plunge it into the gulf of ruin!

The following is a very good letter of condolence, written by a young man from the town of Richmond, connected with the 13th Wis. Reg., to Mrs. Patterson.

NASHVILLE, TENN., April 25th, 1864.

Dear Friend.—I should have acknowledged earlier the receipt of your very kind and melancholy letter of the 25th of March. But at the time when due, I heard that you also were standing in the shadow of that cloud which had darkened your peaceful home; and in such cases silence is often far more acceptable than any word of offering can be. I pray you to believe how very sincerely I sympathize with you on the loss you have sustained, althouth I am perfectly aware that all verbal or written condolence is vain under the circumstances. Nevertheless I cannot refrain from looking upon that early rest which is at times granted, as a blessing which the survivors are totally unable to appreciate. There is purity and a holiness in the apotheosis of those who leave us in their brightness and their beauty, which instinctively leads us to a persuasion of their beatitude. How many temptations have they not escaped, how many faults and errors have they not avoided, how many sorrows have they not spared. We dare not then mourn for them. We can only weep for ourselves; and these very considerations should rob our tears of all their bitterness. The loved ones gone are now where no echo from this cruel war can reach them, and they rest well, I hope. May these and still more efficient consolations be yours, and may find comfort in the conviction that those whom you have loved on earth will be prepared to welcome you in heaven.

As to Willie's grave, it is fitted up as neatly as you could wish; for with a little assistance from our regimental carpenter, I enclosed it with a very neat picket fence, and transplanted a variety of shrubbery, and also a variety of flowers, which I was compelled to borrow from citizens graves, where they more than seemed really necessary. Willie's is the only soldier's grave in the yard, notwithstanding there are thousands, that shows any mark of the hand of a friend.

Yours with respect,
J. K. Knilans

DYSPEPSIA, NERVOUSNESS, AND DEBILITY, DR. STRICKLAND'S TONIC.—We can recommend those suffering with Loss of Appetite, Indigestion, or Dyspepsia, Nervousness and Nervous Debility, to use Strickland's Tonic. It is a vegetable preparation, free from alcoholic liquors; it strengthens the whole nervous system; it creates a good appetite, and is warranted to cure Dyspepsia and Nervous Debility.

THE STATE SUPERINTENDENCY OF PUBLIC INSTRUCTION.—We understand that next week the appointment is to be made, of State Superintendent of Public Instruction in this State, in the place of Mr. Pickard, resigned. We have heard and observed the names of several well known scholars mentioned in connection with the office, and among them is that of Professor W. C. Whitford, Principal of a large and flourishing Academy at Milton, in Rock county. Professor Whitford has been at the head of this institution for several years past, and has established a substantial reputation as a gentleman of scholarly culture, besides possessing in an eminent degree, those qualities which are essential to success as a public instructor, or as an incumbent of an office of this character.

We have known him for a great many years, and from our first knowledge of him his advancement as a practical and Christian scholar, and an earnest missionary in the cause of Education, has been positive and exceedingly flattering. We are glad to see that several of our exchanges have pressed his name for the position suggested, and we have no doubt that if he were appointed it would give universal satisfaction.—*Daily Wisconsin.*

LABOR.—No one should live without labor, as it is a great blessing. Never complain that you are obliged to work, but go to it with alacrity and cheerfulness. It makes men healthy, procures them food, clothing and all the necessary comforts of life, and places a strong barrier against the temptation to be dishonest.

SOMETHING NEW.—Prof Willard the celebrated Cheropodist, who cures corns, bunions, diseased and in-growing nails, is in our city. From what we hear, his operations are of a very scientific character. He performs a cure in from one to five minutes without inducing pain, blood, or resorting to the use of cutting instruments, forceps or chemicals, plasters, bandages or medicines of any kind. He comes recommended by eminent medical men and has submitted his system to several of our own physicians who are highly pleased with it. Dr. Coryell says: "I have been operated upon by Prof. Willard for a very troublesome in-growing nail and am perfectly satisfied that his operations are efficient and scientific in every particular. The operation was without pain or blood and gave immediate relief."

The thinking and unbiased portion of the community will appreciate the great advantage of a permanent and reliable Institute for the cure of chronic diseases that usually baffle the skill of the general practitioner.

Catarrh, that great promoting cause of Consumption in the Northwest, always gives way upon application of the new remedies. Dr. Hale has never encountered a case of this disease he could not cure. The present season is very favorable for applying proper remedies; delays are dangerous. Your case may be cured this month, not next, to-day, not to-morrow.

All who are suffering from any of the diseases Dr. Hale makes a speciality in treating, should at least call and investigate the new system for themselves. No person of good sense and sound judgment will, without full and careful investigation, denounce as "humbug" that which claims to possess merit.

Dr. Hale takes pleasure in referring to the following responsible parties, citizens of Janesville, who can speak knowingly as to the efficacy of Dr. Hale's treatment, not to mention hundreds of others in the Northwest that have been cured:

M. Schuyler, proprietor of the Schuyler House; De Witt Davis, N. G. Reniston, D. R. Stout, F. J. Tupper, Ellis Doty, job printer, J. D. Haynes, W. H. Mann, E. R. Beckley, N. Rowe, John Kerr, J. F. Drake, Wm. Hyzer, Mrs. W. W. Wheeler, Mrs. C. J. Cheney, Miss Belle Shattuck, Miss N. Wiley.

OFFICIAL BULLETIN.

WAR DEPARTMENT, WASHINGTON 2d—8 p. m.—*Maj. Gen. Dix:*—The Department has received intelligence this evening that Gen. Sherman's advance entered Atlanta to-day about noon. The particulars have not yet been received, but telegraphic communication with Atlanta is expected during the night.

It is ascertained with reasonable certainty that the naval and other credits required by the act of Congress, will amount to about 200,000, including New York, which has not yet reported, so that the President's call of July 18th, is practically reduced to 300,000, to take the place of 1st, the new enlistments in the navy; 2d, the casualties; 3d, the casualties of battle, sickness, prisoners and desertion; and 4th, the 100 day troops and all others going out by expiration of term of service this fall. One hundred thousand new troops promptly furnished are all that General Grant asks for the capture of Richmond and to give a finishing blow to the rebels yet in the field,

The residue of the whole would be adequate for garrisons or forts, and to guard all the line of communication and free the country from guerrillas and give security to trade, commerce and travel, and establish peace and tranquility in every state.

F. M. STANTON,
Secretary of War.

WAR DEP'T, WASHINGTON, Sept. 2.—*To General Dix:* The following telegram has just been received from Gen. Slocum, dated at Atlanta to-day, which confirms the reported capture of that city:

"General Sherman has taken Atlanta. The 20th corps occupies the city. The main army is on the Macon road near East Point. A battle was fought near East Point, in which General Sherman was successful. Particulars not known.

H. SLOCUM, Maj. Gen."

An unofficial report states that a battle was fought near East Point by Gen. Sherman with Gen. Hood. The rebel army was cut in two with very heavy loss to the enemy, and Gen Hardee killed. Our loss is not known.

E. M. STANTON, Sec'y of War.

FROM SHERMAN'S DEPARTMENT.

NEW YORK, September 2.—A Philadelphia evening telegram has just been received from a source of highest credit, dated Marrietta, stating that our advance guard entered Atlanta this morning.

LOUISVILLE, September 2.—Brig. Gen. Ewing commanding the Western district of Ky., has just received a telegram from the front announcing Sherman's advance into Atlanta at 9 o'clock, having no further particulars.

NASHVILLE, Sept. 2.—Sherman's advance entered Atlanta this morning at 11 o'clock. The whole federal force will enter to-day.

Several miles of the N. & C. R. R. was ruined and burned by Wheeler's force yesterday.

Gen. Rosseau drove the rebel force within three miles of Lavargne late yesterday morning with stubborn resistance.

Late intelligence report the head of Wheeler's column left Murfreesboro pike going to the right at 10 o'clock. The rear left about 3 o'clock. The whole force going in the direction of Franklin. Rosseau was in close pursuit.

Persons just in from Franklin report that town in the hands of Wheeler's forces, he having entered and captured it last night. Particulars not yet received. Our casualties in yesterday's and to-day's skirmishing were 5 killed and 50 wounded.

A small body of rebels fired on the train on the Tennessee & Alabama Railroad at Brentwood, eight miles from here.

The rebel loss yesterday was 8 killed and 16 wounded. We captured quite a number of prisoners.

No telegraphic communication south this afternoon. The river is falling.

NEW YORK, Sept. 3d.—The *Herald's* Washington special of the 2d says there is great rejoicing in Washington this afternoon over the news that Atlanta is in our possession. It appears that while the rebel cavalry were operating upon his rear, that officer was prosecuting his movements successfully, and at 11 o'clock this morning entered the city of Atlanta and found that his combinations had compelled its evacuation by Hood. The transmission of this intelligence over the wire which had been cut for several days previous, shows that Rosseau has been successful in his effort to dislodge the expedition of Forrest, Wheeler and Morgan, and drive them from the road.

The capture of Atlanta secures the possession of the whole State of Georgia, and renders the condition of the rebel leaders more desperate than ever before. It was by an apparent retreat, one of those masterly strategic movements for which Gen. Sherman has been so noted that he has been enabled to achieve so brilliant a result. It is now well known that Hood has added materially to his strength by the conscription of numerous boys and old men who behind works could render very good service, but outside of the works this very strength would prove a great weakness, and terrible cost of power and provender.

The purpose of Sherman in the movement which began on the night of the 26th, was to deprive the rebel commander of this strength, and his protection of works at Atlanta. In other words, Sherman hoped by flanking Atlanta, and cutting off his supplies, to force Hood out to fight and thus with his largely preponderating force of veteran troops, to whip him in an open field. With this view, Sherman moved on the night in question, with 20 days' rations and all his army, except the 20th corps, Slocum's, which had been withdrawn from the front of Atlanta to Chattahoochie bridge, there to remain as corps obstruction, and to occupy Atlanta in the event of Hood abandoning it; also employed to look after communications, and hurry forward by Railroad supplies to whatever new position Sherman might assume.

The army is reported to have moved in the following order: The 23d corps, Schofield's, in advance, followed by the 14th, Davis', 15th, Logan's, 16th, Ransom's, 17th, Blair's, and the 4th, Stanley's, in order moved, all making a flank movement with strong skirmish lines on either flank and front and rear; the east points was left to the east, and at dawn Hood found Sherman gone.

FROM THE UPPER POTOMAC.

BALTIMORE, Sept. 2.—A dispatch to the *American*, dated Charlestown, Va., Sept. 2d, says reconnoisances have established the fact that Early has not left and has no intention of leaving the valley. His Headquarters are at Bunker Hill, half way between Martinsburg and Winchester. He is busily engaged in reparing and putting up a telegraph line, and he already has telegraphic communication with Richmond from this side of Woodsbury. He is receiving reinforcements, and Fitz Hugh Lee is known to have received 500 horses for his cavalry, which is said to number 7000. There is a regular stage from Manchester to Staunton which runs every day, and several officers and soldiers are receiving short furloughs to go home and return to Manchester, which does not look as though the enemy intended leaving the valley.

NEW YORK, September 2.—The N. Y. *Post's* Washington special says authentic information has been received from Sheridan that Early is withdrawing his forces slowly up the Valley by way of Middlebury and Strasburg.

The *Commercial's* Washington special says, *it is understood that Gen. Sheridan* has orders to hold Early in the Valley as long as he can.

Hon. Tom. Corwin is endeavoring to induce President Lincoln to modify the manifesto to whom it may conern.

NEW YORK, September 3.—The *Herald's* Falling Waters correspondent, dated August 31st, evening, says that for two days past Averill has been demonstarting against the enemy and feinting with the view of facilitating the execution of plans and carrying out orders of Sheridan. To-day we attacked the enemy on three different roads, for the purpose of making him develope his strength. On Charlestown and Girardstown roads, there was nothing but very light skirmishes while on Winchester Pike there was all that we had hoped for and desired.

On this road early in the morning we attacked the enemy's outposts and drove his pickets in upon their reserves and toward Darksville. In the afternoon we again made another attack on the same line, when the rebels placed a division of infantry into line and advanced, no doubt to ascertain the strength of our party so persistingly annoying them. Between 1 and 2 o'clock the enemy's line had reached the outskirts of Martinsburg, and at this time we opened fire from two sections of battery. Soon after the enemy returned fire from four guns on an eminence somewhat on the right of Martinsburg from a rebel position. At this time the rebel infantry passed our right and centre where was deployed a portion Col. Schoonmaker's brigade. On our left where was stationed Col. Powell's brigade there was not so heavy a pressure. Shells from the rebel and union guns passed over the town without striking any houses in it.

FARRAGUT'S OFFICIAL DISPATCH

WASHINGTON, Sept. 2.—The following is the concluding portion of Admiral Farragut's official dispatch:

To the Navy Department: The whole conduct of the officers of Forts Gaines and Morgan presents such a striking contrast in moral principle that I cannot fail to remark upon it.

Col. Anderson, who commanded Fort Gaines, finding himself in a perfectly untenable position, and encumbered with the superfluous number of conscripts, many of whom were mere boys, determined to surrender the fort which he could not defend, and in this determination he was supported by all his officers save one. But from the moment he hoisted the white flag he scrupulously kept everything intact, and in that condition delivered it over, while Page and his officers, of Fort Morgan, with a childish spite destroyed guns which they said they would defend to the last, but which they never defended at all, and threw away the weapons they had, while our army were actually on its glacis.

As before stated, the ceremony of surrender took place at 2 p. m. All the gunners were sent to New Orleans in the U. S. steamer *Bienville*, where they arrived safely. Very Respectfully Yours,

D. G. FARRAGUT, R. A.

HON. GIDEON WELLES, Sec'y of Navy.

THE NEWS

The telegraph to-day has been humming with a pleasant music, and brings us the joyful intelligence of the downfall of Atlanta. General Sherman's army entered the city on yesterday, after having fought and whipped Hood's army with heavy loss to the rebels. Thus has the promise been verified which Sherman made to us months ago, that if the people would only possess their souls in patience Atlanta should eventually be ours, and thus will Richmond fall as New Orleans and Vicksburg and Atlanta have fallen before. The glorious army of the Union is invincible and will win its way to victory in spite of peace traitors in front and in spite of their more contemptible allies in the rear.

Early seems to have established himself firmly in the valley and is receiving reinforcements. His headquarters are at Bunker Hill and he has built a telegraph line to Richmond. He seems disposed to stay.

Federal forces to the number of 12,000 or 13,000 men are operating in East Tennessee. They have driven the rebels from Jonesboro, and are destroying the railroad in that vicinity.

Secretary Stanton states that the credits on the late call for troops will reduce the number to be obtained to about 300,000.

Gen. Sully had a fight with a large body of Indians, near Knife River on the 25th of July. The savages was defeated with a loss of 150 men, while Sully's casualities numbered only 25 or 30.

Gold closed at 2.42.

THE LATEST reports by steamer, from Europe, state that the riots between the Catholics and Orangemen had recommenced in Belfast, Ireland. They began on the night of August 8, when an Orange mob burned Daniel O'Connel in effigy. This was resented by the Catholics, and both parties have since indulged in fearful excesses. The town was, for a whole week, at the mercy of two hostile mobs. The police fired on the crowd and some thirty persons were shot, many of them fatally. Churches, schools, stores, private dwellings, a nunnery, the residence of the Catholic Bishop, and some public buildings were assailed and either totally destroyed or greatly damaged.

THE DAILY WISCONSIN that has heretofore manifested some lukewarmness towards Mr. Lincoln, especially since the Editor-in-chief had so pleasant an interview with little Mac last spring, cannot hesitate any longer as to its course in the present campaign. It closes an editorial upon the situation in these words:

"It thus appears that the nominees of the Chicago Convention are really engaged in a campaign *against* Grant, Sherman and Farragut. We have a profound and living faith that these men will win, and that, therefore, they will bury the McClellan and Pendleton ticket in the same tomb in which they encoffin the rebels.

EX-SECRETARY CHASE, in a letter to gentlemen in Boston, says of the published report of his having invested his private funds in foreign countries, that the statement belongs to a class best described as "lies absolute." He has never invested in foreign funds, and says no true American will do so when all that can be spared is required for the suppression of the rebellion at home.

THE Boston *Evening Transcript*, one of the ablest papers published at the "Hub," very justly remarks that the true Copperhead principle has never been more lucidly stated than it was by a Mr. Silas Drew of Bangor, in the late Maine Peace Convention, who said "he believed Gen. Lee to be the advocate of true self-government, and Abraham Lincoln a hellish tyrant." This sentiment was loudly cheered.

IN A letter to his father, received last Wednesday, General Grant says that the Southern Confederacy cannot possibly recruit their armies, for they have already "robbed the cradle and the grave" for that purpose. He furthermore reiterates what he said some days since, that, but for the Northern opposition, the rebellion could be completely squelched by the present campaign.

THE NEWS received in England from this country, previous to the sailing of the Europa, was regarded as favorable to the North, and the Confederate loan declined 2@3 per cent. The London *Times* says the fighting in front of Petersburg exhibited a valor that cannot fail to secure respect of Europeans for American soldiers. Riots continued in various parts of Ireland.

UP TO the 17th of August not a single case of yellow fever had been reported in the New Orleans hospitals or among the patients of the physicians of that city. Since the Union occupation and the clean streets which have resulted from it, New Orleans has been almost entirely free from its former persistent pest.

DEAN RICHMOND is reported in the New York *World* to have said very explicitly to Vallandigham, when he whimperingly boasted of his "record," "Damn your record! No man here needs a record over a week."

GEN. CANBY has authorized Col Dwight, our commissioner of exchange, to effect an immediate release of our prisoners, some 3,500 in number, now in Camp Ford, Texas.

A LADY in Berkshire was delivered of her twenty-first child last week. Her husband is as well as can be expected.

PRES. A. S. CHAPIN, D. D., will preach in the Congregational Church to-morrow morning and evening.

BELOIT COLLEGE.—The fall term in Beloit College will commence on Wednesday the 28th of September next, and close on the 24th of December following.

NOTICE.—Hope Chapel will be opened for the use of Hope Sabbath school, to-morrow, by appropriate religious services and a sermon by the pastor, commencing at 2 o'clock. Hope Sabbath School will meet at the same place at 4 o'clock.

ONE HUNDRED AND SIX MORE.—There was forwarded to-day from the Provost Marshal's office, one hundred and six splendid men. If other sections of the country are sending as good a class of men as go from here, the reinforcements for our army will be of the best material.

MEMBERS OF THE 13TH CAPTURED.—We learn from a gentleman just arrived in the city, from the Southwest, that six members of the 13th regiment—Smith, Gibbs, Clayton, Nash, Bleckner and one other—who crossed the Tennessee on some errand, were gobbled up about twelve days ago by guerrillas, and carried off.—They had been heard from since their capture and were well.

A BAD FALL.—As Mrs. H. M. King was passing along Main, just north of Milwaukee street, yesterday afternoon, she slipped on the skin of an apple or plum which had been carlessly thrown upon the walk, and fell with considerable force, jarring her quite severely.

The practice of throwing the parings of fruit upon a sidewalk, is a dangerous one, as many a person has received a life-long injury from a fall received from stepping upon them. Besides, it renders the municipal authorities liable in many instances to heavy damages, so received.

LET US OPEN THE CAMPAIGN.—The citizens of Janesville friendly to the administration, are requested to meet at the Court Room on Monday night, Sept. 5th, to take measures for a vigorous campaign against the rebel hosts now marshalling under the auspices of the copperhead convention that assembled at Chicago, and to transact such other business as the occasion demands.

THE QUOTA OF THIS DISTRICT.—The following telegram received by Capt. Putnam from the Provost Marshal General of this State, fixes the quota of this district. It will be seen that our quota is materially reduced, and there is no reason why every town in the district should not furnish the number required of it without a draft, especally as it is not likely that the draft will take place within ten days.

MADISON Sept. 1st, 1864.—*To Capt. S. J. M. Putnam, Janesville, Wis:* The quota under the call of July 18th, is reduced twelve hundred and thirty-three, leaving a quota Sept. 1st of twenty-four hundred and thirty-nine for your District.

COUNTY CONVENTION OF THE DEMOCRACY.—The Democracy of Rock County assembled in convention at the Court Room in this city this afternoon, to go through the farce of putting in nomination a ticket for county officers.

Judge Parker of this city was called to the chair, and A D Wickham elected Secretary.

The following persons were nominated for the several offices;

Sheriff—H W Cator, town of Janesville.

Bereavements—Letter of Condolence.

[For the Daily Gazette.]

Many are the bereavements that have been occasioned by this war of traitors against the government. Pleasant home circles all over the land have thus been broken up. A fearful reckoning must yet be had with the treason-plotters who are still engaged in their diabolical work. The stern law of retribution will surely have its demand upon them sooner or later. Many of them have already had bitter experience of the workings of this inexorable law, and many more of them have yet to feel its power. The rebel leaders and sympathisers, North and South, are directly responsible for the life and treasure that have been sacrificed in this bloody conflict—responsible for the deep sorrow that has spread its dark pall over tens of thousands of households! Truly, a fearful reckoning awaits them. The verdict of an outraged people will be quite as much as they can bear.

Speaking of bereavements, we have in mind our good friends and friends of the soldier, Mr. and Mrs. Wm. Patterson, of Richmond, Walworth Co. Four dear sons went out from their pleasant home, at the call of their country. One returned with impaired health, while three of them found soldiers' graves! Willie Patterson, of the 22d Wis. Reg., died in hospital at Nashville, Tenn., March 6th, 1863, aged nineteen years. Ashbel Patterson, of the 4th Wis. Cavalry, was killed at Port Hudson, June 14th, 1863, aged twenty-three years. Josiah Patterson, of the 13th Wis. Reg., died in hospital at Fort Donelson, June 28th, 1863, aged twenty-five years. One is buried at Nashville, one at Fort Donelson, and the other fills a nameless grave on the battle field of Port Hudson. But in the language of the letter below, we trust "he rests well."

Mr. and Mrs. Patterson have been indeed sadly afflicted, but they realize that their sons have fallen in a good cause—in defense of our government and the rights of man. They have no regrets that their boys became soldiers. On the contrary, they are glad that their sons were moved by a patriotic impulse to answer their country's call in such a trying emergency. These afflicted parents are true patriots; and though they have no sons now in the army of the Union, they are deeply interested in the cause for which the nation is struggling. Like tens of thousands of others who have been sadly afflicted, they will continue to hold the national cause—the cause of universal liberty, dear, and will esteem it their duty to labor still, and if need be, suffer for their country's good. We cannot doubt that we have true patriots enough in the land to rescue our nation from the grasp of those who would plunge it into the gulf of ruin!

The following is a very good letter of condolence, written by a young man from the town of Richmond, connected with the 13th Wis. Reg., to Mrs. Patterson.

NASHVILLE, TENN., April 25th, 1864.

Dear Friend.—I should have acknowledged earlier the receipt of your very kind and melancholy letter of the 25th of March. But at the time when due, I heard that you also were standing in the shadow of that cloud which had darkened your peaceful home; and in such cases silence is often far more acceptable than any word offering can be. I pray you to believe how very sincerely I sympathize with you on the loss you have sustained, althouth I am perfectly aware that all verbal or written condolence is vain under the circumstances. Nevertheless I cannot refrain from looking upon that early rest which is at times granted, as a blessing which the survivers are totally unable to appreciate.—There is purity and a holiness in the apotheosis of those who leave us in their bright mess and their beauty, which instinctively leads us to a persuasion of their beatitude. How many temptations have they not escaped, how many faults and errors have they not avoided, how many sorrows have they not spared. We dare not then mourn for them. We can only weep for ourselves; and these very considerations should rob our tears of all their bitterness. The loved ones gone are now where no echo from this cruel war can reach them, and they rest well, I hope. May these and still more efficient consolations be yours, and may find comfort in the conviction that those whom you have loved on earth will be prepared to welcome you in heaven.

As to Willie's grave, it is fitted up as neatly as you could wish; for with a little assistance from our regimental carpenter, I enclosed it with a very neat picket fence, and transplanted a variety of shrubbery, and also a variety of flowers, which I was compelled to borrow from citizens graves, where they more than seemed really necessary. Willie's is the only soldier's grave in the yard, notwithstanding there are thousands, that shows any mark of the hand of a friend.

Yours with respect,
J. K. Knilans

DYSPEPSIA, NERVOUSNESS, AND DEBILITY, DR. STRICKLAND'S TONIC.—We can recommend those suffering with Loss of Appetite, Indigestion, or Dyspepsia, Nervousness and Nervous Debility, to use Strickland's Tonic. It is a vegetable preparation, free from alcoholic liquors; it strengthens the whole nervous system; it creates a good appetite, and is warranted to cure Dyspepsia and Nervous Debility.

THE STATE SUPERINTENDENCY OF PUBLIC INSTRUCTION.—We understand that next week the appointment is to be made, of State Superintendent of Public Instruction in this State, in the place of Mr. Pickard, resigned. We have heard and observed the names of several well known scholars mentioned in connection with the office, and among them is that of Professor W. C. Whitford, Principal of a large and flourishing Academy at Milton, in Rock county. Professor Whitford has been at the head of this institution for several years past, and has established a substantial reputation as a gentleman of scholarly culture, besides possessing in an eminent degree, those qualities which are essential to success as a public instructor, or as an incumbent of an office of this character.

We have known him for a great many years, and from our first knowledge of him his advancement as a practical and Christian scholar, and an earnest missionary in the cause of Education, has been positive and exceedingly flattering. We are glad to see that several of our exchanges have pressed his name for the position suggested, and we have no doubt that if he were appointed it would give universal satisfaction.—*Daily Wisconsin.*

LABOR.—No one should live without labor, as it is a great blessing. Never complain that you are obliged to work, but go to it with alacrity and cheerfulness. It makes men healthy, procures them food, clothing and all the necessary comforts of life, and places a strong barrier against the temptation to be dishonest.

SOMETHING NEW.—Prof Willard the celebrated Cheropodist, who cures corns, bunions, diseased and in-growing nails, is in our city. From what we hear, his operations are of a very scientific character. He performs a cure in from one to five minutes without inducing pain, blood, or resorting to the use of cutting instruments, forceps or chemicals, plasters, bandages or medicines of any kind. He comes recommended by eminent medical men and has submitted his system to several of our own physicians who are highly pleased with it. Dr. Coryell says: "I have been operated upon by Prof. Willard for a very troublesome in-growing nail and am perfectly satisfied that his operations are efficient and scientific in every particular. The operation was without pain or blood and gave immediate relief."

by a *new method*, and with remedies that are eminently successful in the above-class of chronic diseases.

The thinking and unbiased portion of the community will appreciate the great advantage of a permanent and reliable institute for the cure of chronic diseases that usually baffle the skill of the general practitioner. Catarrh, that great promoting cause of Consumption in the Northwest, always gives way upon application of the new remedies. Dr. Hale has never encountered a case of this disease he could not cure. The present season is very favorable for applying proper remedies; delays are dangerous. Your case may be cured this month, not next, to-day, not to-morrow.

All who are suffering from any of the diseases Dr. Hale makes a specialty in treating, should at least call and investigate the new system for themselves. No person of good sense and sound judgment will, without full and careful investigation, denounce as "humbug" that which claims to possess merit.

Dr. Hale takes pleasure in referring to the following responsible parties, citizens of Janesville, who can speak knowingly as to the efficacy of Dr. Hale's treatment, not to mention hundreds of others in the Northwest that have been cured:

M. Schuyler, proprietor of the Schuyler House; Dewitt Davis, N. G. Ronston, D. R. Stone, F. W. Tupper, Ellis Doty, job printer, J. D. Hayner, W. H. Mann, E. R. Beckley, N. Rowe, John Karr, J. F. Drake, Wm. Hyzer, Mrs. W. W. Wheeler, Mrs. C. J. Cheney, Miss Belle Shattuck, Miss N. Wileyt

OFFICIAL BULLETIN.

WAR DEPARTMENT, WASHINGTON 2d—8 p. m.—*Maj. Gen. Dix:*—The Department has received intelligence this evening that Gen. Sherman's advance entered Atlanta to-day about noon. The particulars have not yet been received, but telegraphic communication with Atlanta is expected during the night.

It is ascertained with reasonable certainty that the naval and other credits required by the act of Congress will amount to about 200,000, including New York, which has not yet reported, so that the President's call of July 18th, is practically reduced to 300,000, to take the place of 1st, the new enlistments in the navy; 2d, the casualties; 3d, the casualties of battle, sickness, prisoners and desertion; and 4th, the 100 day troops and all others going out by expiration of term of service this fall. One hundred thousand new troops promptly furnished are all that General Grant asks for the capture of Richmond and to give a finishing blow to the rebels yet in the field.

The residue of the whole would be adequate for garrisons or forts, and to guard all the line of communication and free the country from guerrillas and give security to trade, commerce and travel, and establish peace and tranquility in every state.

F. M. STANTON,
Secretary of War.

WAR DEP'T, WASHINGTON, Sept. 2.—*To General Dix:* The following telegram has just been received from Gen. Slocum, dated at Atlanta to-day, which confirms the reported capture of that city:

"General Sherman has taken Atlanta. The 20th corps occupies the city. The main army is on the Macon road near East Point. A battle was fought near East Point, in which General Sherman was successful. Particulars not known.

H. SLOCUM, Maj. Gen."

An unofficial report states that a battle was fought near East Point by Gen. Sherman with Gen. Hood. The rebel army was cut in two with very heavy loss to the enemy, and Gen Hardee killed. Our loss is not known.

E. M. STANTON, Sec'y of War.

NEW YORK, September 2.—A Philadelphia evening telegram has just been received from a source of highest credit, dated Marrietta, stating that our advance guard entered Atlanta this morning.

LOUISVILLE, September 2.—Brig. Gen. Ewing commanding the Western district of Ky., has just received a telegram from the front announcing Sherman's advance into Atlanta at 9 o'clock, having no further particulars.

NASHVILLE, Sept. 2.—Sherman's advance entered Atlanta this morning at 11 o'clock. The whole federal force will enter to-day.

Several miles of the N. & C. R. R. was ruined and burned by Wheeler's force yesterday.

Gen. Roseau drove the rebel force within three miles of Lavargne late yesterday morning with stubborn resistance.

Late intelligence report the head of Wheeler's column left Murfreesboro pike going to the right at 10 o'clock. The rear left about 3 o'clock. The whole force going in the direction of Franklin. Rosseau was in close pursuit.

Persons just in from Franklin report that town in the hands of Wheeler's forces, he having entered and captured it last night. Particulars not yet received. Our casualties in yesterday's and to-day's skirmishing were 5 killed and 50 wounded.

A small body of rebels fired on the train on the Tennessee & Alabama Railroad at Brentwood, eight miles from here.

The rebel loss yesterday was 8 killed and 10 wounded. We captured quite a number of prisoners.

No telegraphic communication south this afternoon. The river is falling.

NEW YORK, Sept. 3d.—The *Herald's* Washington special of the 2d says there is great rejoicing in Washington this afternoon over the news that Atlanta is in our possession. It appears that while the rebel cavalry were operating upon his rear, that officer was prosecuting his movements successfully, and at 11 o'clock this morning entered the city of Atlanta and found that his combinations had compelled its evacuation by Hood. The transmission of this intelligence over the wire which had been cut for several days previous, shows that Rosseau has been successful in his effort to dislodge the expedition of Forrest, Wheeler and Morgan, and drive them from the road.

The capture of Atlanta secures the possession of the whole State of Georgia, and renders the condition of the rebel leaders more desperate than ever before. It was by an apparent retreat, one of those masterly strategic movements for which Gen. Sherman has been so noted that he has been enabled to achieve so brilliant a result. It is now well known that Hood has added materially to his strength by the conscription of numerous boys and old men who behind works could render very good service, but outside of the works this very strength would prove a great weakness, and terrible cost of power and provender.

The purpose of Sherman in the movement which began on the night of the 26th, was to deprive the rebel commander of this strength, and his protection of works at Atlanta. In other words, Sherman hoped by flanking Atlanta, and cutting off his supplies, to force Hood out to fight and thus with his largely preponderating force of veteran troops, to whip him in an open field. With this view, Sherman moved on the night in question, with 20 days' rations and all his army, except the 20th corps, Slocum's, which had been withdrawn from the front of Atlanta to Chattahoochie bridge, there to remain as corps obstruction, and to occupy Atlanta in the event of Hood abandoning it; also employed to look after communications, and hurry forward by Railroad supplies to whatever new position Sherman might assume.

The army is reported to have moved in the following order: The 23d corps, Schofield's, in advance, followed by the 14th, Davis', 15th, Logan's, 16th, Ransom's, 17th, Blair's, and the 4th, Stanley's, in order moved, all making a flank movement with strong skirmish lines on either flank and front and rear; the east points was left to the east, and at dawn Hood found Sherman gone.

FROM THE UPPER POTOMAC.

BALTIMORE, Sept. 2.—A dispatch to the *American*, dated Charlestown, Va., Sept. 2d, says reconnoisances have established the fact that Early has not left and has not intention of leaving the valley. His Headquarters are at Bunker Hill, half way between Martinsburg and Winchester. He is busily engaged in repairing and putting up a telegraph line, and he already has telegraphic communication with Richmond from this side of Woodsbury. He is receiving reinforcements, and Fitz Hugh Lee is known to have received 500 horses for his cavalry, which is said to number 7000. There is a regular stage from Manchester to Staunton which runs every day, and several officers and soldiers are receiving short furloughs to go home and return to Manchester, which does not look as though the enemy intended leaving the valley.

NEW YORK, September 2.—The N. Y. *Post's* Washington special says authentic information has been received from Sheridan that Early is withdrawing his forces slowly up the Valley by way of Middleburg and Strasburg.

The *Commercial's* Washington special says, it is understood that Gen. Sheridan has orders to hold Early in the Valley as long as he can.

Hon. Tom. Corwin is endeavoring to induce President Lincoln to modify the manifesto to whom it may concern.

NEW YORK, September 3.—The *Herald's* Falling Waters correspondent, dated August 31st, evening, says that for two days past Averill has been demonstarting against the enemy and feinting with the view of facilitating the execution of plans and carrying out orders of Sheridan. To-day we attacked the enemy on three different roads, for the purpose of making him develope his strength. On Charlestown and Girardstown roads, there was nothing but very light skirmishes while on Winchester Pike there was all that we had hoped for and desired.

On this road early in the morning we attacked the enemy's outposts and drove his pickets in upon their reserves and toward Darksville. In the afternoon we again made another attack on the same line, when the rebels placed a division of infantry into line and advanced, no doubt to ascertain the strength of our party so persistingly annoying them. Between 1 and 2 o'clock the enemy's line had reached the outskirts of Martinsburg, and at this time we opened fire from two sections of battery. Soon after the enemy returned fire from four guns on an emminence somewhat on the right of Martinsburg from a rebel position. At this time the rebel infantry passed our right and centre where was deployed a portion Col. Schoonmaker's brigade. On our left where was stationed Col. Powell's brigade there was not so heavy a pressure. Shells from the rebel and union guns passed over the town without striking any houses in it.

FARRAGUT'S OFFICIAL DISPATCH

WASHINGTON, Sept. 2.—The following is the concluding portion of Admiral Farragut's official dispatch:

To the Navy Department: The whole conduct of the officers of Forts Gaines and Morgan presents such a striking contrast in moral principle that I cannot fail to remark upon it.

Col. Anderson, who commanded Fort Gaines, finding himself in a perfectly untenable position, and encumbered with the superfluous number of conscripts, many of whom were mere boys, determined to surrender the fort which he could not defend, and in this determination he was supported by all his officers save one. But from the moment he hoisted the white flag he scrupulously kept everything intact, and in that condition delivered it over, while Page and his officers of Fort Morgan, with a childish spite destroyed guns which they said they would defend to the last, but which they never defended at all, and threw away the weapons they had, while our army were actually on its glacis.

As before stated, the ceremony of surrender took place at 2 p. m. All the gunners were sent to New Orleans in the U. S. steamer *Bienville*, where they arrived safely.

Very Respectfully Yours,
D. G. FARRAGUT, R. A.

HON. GIDEON WELLES, Sec'y of Navy.

Taylor, asking for terms of capitulation, we have to say that the only terms we can make are, first the unconditional surrender of yourself and the garrison of Fort Morgan with all the public property within its limits, and in the same condition in which it is now; 2d, the treatment which is in conformity of customs of most civilized nations towards prisoners of war; 3d, the private property, with the exception of arms, will be respected.

I will be prepared to surrender at 2 o'clock, and embark as soon as possible.

FROM THE SOUTH.

NEW YORK, September 2.—The Bristol, East Tennessee *Gazette* of the 27th says that the Union cavalry which charged into Rogersville and captured Hon. J. B. Heiskill and Col. Walker at Fort Blevings and the Provost Marshal together with 19 privates. Three of the prisoners were shot down in cold blood by a deserter from the rebel army. In the meatime artillery had been sent from Knoxville to the vicinity of Bull's Gap. While a heavy force of cavalry advanced in that direction on Tuesday they attacked the rebels who fell back to Jonesboro, the Yankees have advanced to within a few miles of Kingsport.

The *Gazette* says that intelligence from East Tennessee reports the condition of our people in that country as becomming more and more distressing.

The Petersburg *Express* says that the Yankees routed the rebels at Jonesboro and were destroying the railroad north and south of the town. They intend to hold the position at Jonesboro, so as to compel Hood to fall back. The Yankee force is estimated at from 12,000 to 13,000. Jackson's cavalry had attacked them and the fight was still going on.

The Terms of Peace.

The peace sneaks that met in Chicago last week and got down on their bellies before Jeff. Davis and implored him to grant them the peace, which by their platform, they acknowledged we have not the ability to win—had better read the following extracts from the Richmond *Examiner* of August 16, and see what conditions of peace their masters are willing to grant them. Read:

"Save on our own terms we can accept no peace whatever, and must fight till doomsday rather than yield an iota of them, and our terms are:

"Recognition by the enemy of the independence of the Confederate States.

"Withdrawal of the Yankee forces from every foot of Confederate ground, including Kentucky and Missouri.

"Withdrawal of the Yankee soldiers from Maryland until that State shall decide by a free vote whether she shall remain in the old Union or ask admission into the Confederacy.

"Consent on the part of the Federal Government to give up to the Confederacy its proportion of the navy as it stood at the time of secession, or to pay for the same.

"Yielding up of all pretention on the part of the Federal Government to that portion of the old Territories which lie west of the Confederate States.

"An equitable settlement on the basis of our absolute independence and equal rights of all accounts of the public debt and public lands, and the advantages accruing from foreign treaties."

Now, in view of the fact that neither Jeff. Davis, his Cabinet nor his Congress has ever made the slightest advances towards terms of peace not predicated upon the absolute and unconditional acknowledgment of their independence, is it not reasonable to believe that the democratic party are perfectly willing to dissolve the the Union for the sake of peace?

At a recent meeting of the Democratic Association in Washington, Dr. Allen declared that he would make every proposition to the South to come back again, but if they failed, he would not prosecute a war against a people who had a right to declare what form of government they would live under. Amos Kendall, who was present, said "that was just what our opponents would have us say—that we were willing to divide the Union, if a compromise could not be had. Let us first elect our men; unite to put down this iniquitous administration, and then we can do this or any other thing that may be practicable." And the Boston *Courier*, in remarking upon the proceedings, says Mr. Kendall "gives the true key-note to the Democratic music." Undoubtedly he does. Not a word against the proposition to divide the Union. We must put down this administration, says Mr. Kendall, and then we can "do this or any other thing that may be practicable." Let us choose good and true men, says the *Courier*; that is, let us choose our men, "and all the rest may be safely left to the future."

None of the insane ranters that poisoned the air with their treasonable utterances last week in Chicago had one word to say against the dissolution of the Union. Nor is there anything in their platform which pledges the democracy to prosecute the war "*constitutionally*" and preserve the Union, if their peace efforts fail them. There never was a party so completely bamboozled with an impracticable hallucination as the copperheads are, if they think they can have any substantial peace unless we conquer it.

Mr. Seward is said to have directed Mr. Adams to make a requisition on the British Government for Semmes. The Paris *Pays* says: "Mr. Adams was directed to sound Lord Russel on the subject. But the first overtures of the American Minister were met by the head of the Foreign Bureau with a peremptory refusal. 'If the Captain of the Kearsarge,' said the Earl, 'wished to get possession of Captain Semmes and his sailors, he had only to take them on board the Deerhound. Mr. Adams replied, that once on board the Deerhound they were under the protection of the British flag. He was then informed that they were still more decidedly under that protection now. Mr. Adams closed the interview in a decidedly dissatisfied state of mind; and this discussion taken in connection with the enrollments in Ireland, has increased the coolness already existing between the Cabinet of London and the Government of Mr. Lincoln."

A boy in Portland plunged his head so far into the mud while bathing that he was unable to extricate himself. When recovered life was extinct.

William Swinton, the able war correspondent of the New-York *Times*, has a long correspondence in that sheet proving that the war can be speedily ended by reinforcing Grant. He says: "The present front of the rebellion, menacing though it be, is really nothing more than a mask, concealing the hollowness and rottenness within. The South is literally exhausted—exhausted of that without which it is impossible to carry on war—exhausted of men. The field, in the impressive expression of Napoleon regarding France after the three conscriptions, is reaped down to the stubble. Out of an available fighting population of upward of three-quarters of a million with which the war was inaugurated, they have saved an effective force of one hundred and fifty, perhaps two hundred thousand men. The rest are in their graves, in the hospitals, disabled or prisoners in our hands. These are the forlorn hope of the rebellion."

He continues: "It is no poor judgment of mine, but the authoritative utterance of the head of all our armies, that it is in the hands of the people to end the rebellion at a blow. *Lieut. Gen. Grant has declared, that 'if he had now but* 100,000 *fresh men he could, in fifty days, do up all the fighting that needs to be done during the war.'* This is no shallow hearsay; it is the authentic declaration of the high name given, and the sentiment is affirmed by every military man I have lately met."

Lively Time in San Francisco.

There was a serious shooting affray on our principal street (Montgomery,) which resulted in the death of four persons. The facts such as are ascertained, are as follows: It seems one Bill Davis, a noted gambler, who resides at Yreka, was interested in and drove a horse race which came off at Placerville on the 15th inst., and "thowed" the race, making 4,500 by it. Hank Stevens, Ball, Dutch Abe, and Spanish Bob, four "sports," backed D.'s horse, and got broke; swore vengeance, killing on sight, etc. On the 18th they all came to this city (except D.) and publicly said they were going to shoot D. on sight, etc. On the 21st D. came in town, and at 2 o'clock P. M. was sitting having his boots polished in a black's adjoining the Fashion, when Ball and Dutch Abe came to the door, and looking in exclaimed: Here's the dirty thief now!" and drawing their revolvers, commeced shooting. D. jumped out of the chair with one boot polished, and drawing his revolver fired, and Ball fell dead across an iron grating. D then jumped out on the sidewalk, laughingly saying, "You've made a mistake," and fired at Dutch Abe, the ball taking effect in his right breast. He fell, when D. ran and caught the revolver from Ball's hands, saying, as he walked toward the door of the Fashion, "Where's the rest of you murderers?" Blood was running down D.'s left hand from the arm, and also from the right cheek. As he was on the point of entering the door, he was met by Stevens and Spanish Bob, when D. raised the revolver in his right hand and fired twice. Stevens fell, and Spanish Bob jumped over him on the sidewalk and fired. D. staggered, but recovering, They (Davis and Spanish Bob) commenced in good earnest, each striving to fire a deadly shot D. was laughing all the time. They then commenced firing at each other, about twenty feet apart. After D. had fired two shots he threw the revolver at S. B. and, changing the revolver he took from Ball into his right hand, he raised it, and it snapped three times; the fourth time it went off, and S. B. fell. (D. had fallen before this, and was laying on his breast on the banquette.) D. threw the revolver into the street, saying: "H—ll and furies, d—m the thing." He then pulled a "deringer," and both (only having one shot each) began crawling towards each other on their stomachs. When about five feet apart they both raised partly up, and fired simultaneously, when S. B.'s head fell, and he remained perfectly still. D. then said, crawling towards S. B. "He's gone; I cooked him!" and then partly turned on his side and tried to rise.

On examination Ball and Spanish Bob were dead, Dutch Abe and Stevens mortally wounded, the first having been shot through the right lung, causing internal hemorrhage, etc., the latter was shot thro' the left breast.

S. B. had four wounds on him—two in right breast, one in right arm, and one between the eyes. Ball had a ball in the heart. Davis has six wounds; two in the right leg, one in right breast, one in left shoulder, one in left wrist (through), and one on right cheek, where a bullet had struck the cheek bone and glanced off, cutting out a piece of flesh of the size of a ten cent piece.

Stevens died on the 14th, at 10:40 a. m. Dutch Abe died yesterday morning. Doctors say Davis will certainly recover.

Davis is able to converse, but, should he recover, he will have to take his trial on four charges for murder. The Grand Jury has found four bills against him. He will get clear, as they fired first. Every one says he is the gamest man they ever saw. He is a native of Mobile, Ababama.

The Jackson County *Banner* thus tells the troubles and losses that beset our Southern recruiting agents:

"Mr. E. L. Brockway, who is South procuring substitutes for this town, had procured eleven negroes and was on his way home with them, when Wheeler's cavalry made a raid on the railroad, cutting it in a half a dozen places. The train he was on was attacked, but he escaped, and so did most of the negroes, they taking to the woods. He got five negroes as far as Nashville, when the Provost Marshal impressed them, and Brock. was left without a nigger to his back. Other agents were equally unlucky; one from Ohio was captured and held a prisoner for two days, and lost $1,100 in greenbacks. There were agents there with as high as $30,000, endeavoring to procure substitutes. Brockway will make another trial before he returns, but the prospect is quite poor.

Exceeding sorry are we that Mr. Wheeler took it into his head to raid just then. We had invested in the enterprise, and the nigger that we had hoped to 'fondly call our own,' is now, peradventure, rooting for a living in the woods of Georgia. Alas how uncertain is niggers!

The following is a verbatim report of Gen. Rosecrans' neat and telling little speech before the Chicago Board of Trade on Saturday, to which allusion has been made in our Chicago specials: "I came into the the city by accident, and would rather it would not be known at the present time; but, gentlemen, if you will keep it in the dark until 9 o'clock to-night, I will be out of the way. You don't know how much good you have done in the front and for your country, by your patriotism. It has been a great blow given for your country. May God bless you."

Cholera is very prevalent in the Provinces of British India. People are dying in some of the towns at the rate of forty or fifty daily.

The Right of Self-Government.

If we could seriously believe with Jefferson Davis, in his replies to Colonel Jacques, that the South were fighting for self-government, we should not only oppose the war, but take part at once with the South.

But there never was a more groundless or fallacious pretence than this set up by Davis and his followers, in excuse of the bloody rebellion which they began and continue. If the people of the South from the Revolution to this time, have not enjoyed the completest rights of self-government, then no people in the world have; certainly no people in any of the American States have; and our whole system of federal union is the most stupendous sham on record. The people of New York and Massachusetts have been no freer or more independent than they; we possess no rights which they do not possess; the complaints made by one may be made with equal pertinency and force by the other; and the same reasons which are alleged to justify the revolt of South Carolina might be made to justify a revolt by Ohio or Vermont. All stand on the same footing, all are entitled to the same privileges, none hold or exercise prerogatives of any sort, or may justly claim the slightest pre-eminence of right or freedom.

What a shameless and preposterous assumption it is, then, to assert that any part of the nation has been divested of its rights of self-government by a system so just, liberal and beneficent! Yet it is upon this poor and sorry fetch that Jefferson Davis seeks to wash his hands of the oceans of blood shed in this sanguinary war.

But what Davis means, if he means anything beyond the effect of his words abroad, is, that the South demands the right to resist at will any act of the federal Congress that may seem to it injurious or unnecessary. Secession at will, such as the constitution of the confederacy provides for—bold, naked, undisguised disunion—constitutes what is termed independence, or the right of self-government. In the ordinary acceptation the right means only the right to an equal share in the control of the government, such as we have always held in this country, but in the gloss of the slaveholders it has a deeper significance, and becomes the right to overturn and destroy the government, by either peaceable or violent methods.

Now we have greatly mistaken the people of the North if they will ever consent to incorporate so anarchial and destructive a doctrine among their constitutional principles. The right of revolution, as the last resort of an oppressed people, of a people driven to the extremity of suffering, by wrongs that can be averted in no other way, they will maintain; they will maintain it, however, as an abnormal or irregular method, imposed by necessity, not choice; but the right to annihilate constitutions as a part of the regular political proceedure they never will admit until they have lost alike their morality and their wits. Putting the issue of the war, then, upon Davis's ground, we do not see how there can be any reconciliation; we do not see how any party can propose terms of peace, which will not be, in effect, terms of disunion. To grant the right of secession is to grant disunion, and the South will gain by consent what she now seeks to gain by war. Is there any party willing to concede this, willing to concede a principle which would sooner or later disintegrate the nation, and render anarchy a rule, not an exception? *Yet Davis demands no less than this as the very condition of negotiation;* we must recognize his right to self-government, that is, his right to annul any compact in which he may engage, before he will treat with us; but, by his own showing, how can we treat at all with one who contends that the right to abrogate compacts at will is the very substance of self-government.—*N. Y. Evening Post, August* 18.

Ratified at Last---Great Meeting?

It is probable that no Presidential nominations ever made by the Democratic party have fallen so flat and dead upon even the party itself, as the late nominations at Chicago. Even in this Democratic city, scarcely a gun has yet been fired, a bonfire lighted or a cheer uttered for "Mick Lellan," since his name was announced as the candidate. But last night, by dint of special trains of cars, importation of great democratic celebrities, and large expenditures, some little enthusiasm was gotten up; and the miscellaneous crowd of one or two thousand who assembled in Market Square, did make that interesting neighborhood vocal for a brief season. George B. Smith led off in his well known style and at his usual length. Judge Mallory followed with a fair specimen of his classic style of stump oratory, highly complimenting everybody in general, and particularly his black republican friends.

He gave way to Gov. Seymour of New York, who made an able and calm effort that seemed altogether out of place just when and where it was spoken. But candor requires us to say that the Govenor actually threw off the demagogue last evening, and delivered an argument that was creditable to him, in a spirit and temper that would answer very well for a model to some of the speakers afore-mentioned.

A few more cheers, a little more brass band, and the "throng" pursued their devious way towards home.

The meeting was announced as a "big thing." Pendleton was to be there. The martyred Vallandigham, &c., &c.

But the above was all there was to it.—*Daily Wisconsin.*

Four Points Established.—The following four points may be considered as established by the visit of Messrs. Gilmore and Jacques to Richmond:

1st. That the rebels do not demand any better terms than the government offers relative to slavery, and that their only grievance is this, viz: that we insist upon their remaining in the Union.

2d. That the attempts of the Niagara junto or any person else to spread an impression that the rebels will agree to any terms of peace short of a dissolution of the Union are deceitful.

3d. That the rebel leaders will not submit the question of peace to the people.

4th. That the rebel leaders will not allow the majority to rule.—*Boston Daily Advertiser, Aug.* 19.

Sad Accident.—Tuldine Steel, a boy aged about 15 years, was accidently shot, near this village on Wednesday last. He and another boy—a comrade—were out hunting, having a shot gun between them. The deceased was sitting upon a fence, while his comrade was some yards in advance of him, carrying the gun on his shoulder; when, by some means not yet ascertained the gun exploded, the contents entering his bowels, intestines and liver. He lived only about 12 hours after the accident, and suffered great pain.—*Waukesha Freeman.*

The rebels claim to have gleaned over two million dollars worth of small arms equipments, lead, etc., from the battlefields of the Wilderness at Spottsylvania. The Richmond *Dispatch* enumerates among the spoils 30,000 small arms and 25,000 pounds of lead.

The police of Nashville arrest all watermelon and peach eaters who throw the rinds or skins on the side-walk. They are fined one dollar each for every offence.

DIARRHŒA AND DYSENTERY.

We have examined a great number of letters from some of the most prominent citizens of Cincinnati and Covington, etc., speaking in the highest terms of Dr. Strickland's Anti-Cholera Mixture for the cure of diarrhœa and dysentery. The letters are too long to publish. Mr. Woods, of Covington, says he was pronounced incurable by the best doctors in Cincinnati, and one bottle of Dr. Strickland's Anti-Cholera Mixture effected a permanent cure after suffering for months with the worst form of diarrhœa and dysentery.

Another says he was discharged from the United States service after suffering in the hospital for eight months as incurable, and as a last resource tried Strickland's Anti-Cholera Mixture. He got well directly and has now entered the army again in good health. One man writes he has cured seven or eight very bad cases of diarrhœa and dysentery in the barracks he was in with one bottle of this valuable medicine. In fact we could fill half our paper with similar items from these letters. Why does not our government secure this valuable preparation? Our army ought to be supplied with it. It is but a short time since one of our men lay in a very low condition at one of our Cincinnati Hospitals, his wife was sent for. The doctors considered his case an hopeless case. She, however, gave him Strickland's Anti-Cholera Mixture, and in three weeks he was able to return home with his wife to New Richmond, O. All these cases right at home speak for themselves. We hope all the soldiers will put a bottle of it in their knapsacks. It may save them or some of their comrades. It is for sale by Druggists at 65 cents per bottle.

NOW READY—PRICE 75 Cents.

Peoples' Edition of Parton's

Gen. Butler in New Orleans.

One Volume, Octavo, Paper, Price 75c.

With the view of meeting the extensive popular demand for this remarkable book, this edition has been prepared. The page and type are similar to those of *Harper's Magazine*. Some of the less important documents are omitted, and in some instances the account has been condensed, yet never so as to interfere with the interest or completeness of the story.

Unquestionably this book stands pre eminent in interest among all yet occasioned by the rebellion. Its subject and author combine to render it fascinating. Fifteen editions have been called for as fast as they could be printed. It has been most warmly commended by the loyal press of the country, and scarcely less so by a portion at least of the English press, by whom it is acknowledged to be a complete vindication of Gen Butler from the malicious charges which envy and hatred have brought against him

It contains an anecdotal sketch of Gen. Butler's brilliant and remarkable career at the bar of Massachusetts; a history of the secret movements in the Charleston Convention; conversations between Gen Butler and the leading secessionists at Washington in December, 1860, the real plans of the traitors; Gen Butler invited to join them; his advice to Buchanan; his efforts in preparing Massachusetts for war; the celebrated march, via Annapolis, to Washington, collision with Gen. Scott; his course at Fortress Monroe, the history of the *contrabands*; his advise to the Administration how to take Richmond; the truth about the battle of Great Bethel; the Hatteras Expedition; the secret history of the New Orleans Expedition; the adventures of the General in getting to Ship Island; a full account of the capture of New Orleans, the landing of the troops in the city, a complete narrative of succeeding events, with a large number of highly interesting narratives and anecdotes never before published; the recall of Gen. Butler, and the explanation given of it by the Government; his present opinions upon the great issues before us.

Edition in large type, crown, 8vo., cloth, 662 pages, price $2.50. People's Edition, 8vo., paper, 75 cents German Edition $1. Sent by mail on receipt of price

Spring Steel Drill-Eyed

NEEDLES!!

TO THE LADIES.

We most respectfully solicit your kind attention for a moment to a matter which, though apparently trifling, is nevertheless of considerable importance to your convenience, patience and comfort. Every lady, no matter what her position in society, whether it be one of ease and affluence, or one of toil and poverty, has occasion almost daily to ply the busy needle; how and where to procure needles of perfect quality, is, therefore, a question of some interest to you all. The Needles known as "R. J. Roberts'" are of this description. They are made of

Extra Refined Swedish Steel,

are tempered by a new and improved process, which render them uniform, smooth, bright, strong and pliable; their eyes are bellixed and silver burnished; their points are hand, sharp and gently tapering. In addition to these advantages, they are put up in

PATENT WRAPPERS,

which renders them much more convenient. In nearly all the large cities of Europe and America their sale is extensive, and their reputation unequaled. They will not easily break nor bend; they will not chafe the thread; they will not turn up nor break off at the points. Each of them is warranted to sew a long while, easily and well.

TRY THEM, LADIES,

and they will win you to be their friends.

The Terms of Peace.

The peace sneaks that met in Chicago last week and got down on their bellies before Jeff. Davis and implored him to grant them the peace, which by their platform, they acknowledged we have not the ability to win—had better read the following extracts from the Richmond *Examiner* of August 16, and see what conditions of peace their masters are willing to grant them. Read:

"Save on our own terms we can accept no peace whatever, and must fight till doomsday rather than yield an iota of them, and our terms are:

"Recognition by the enemy of the independence of the Confederate States.

"Withdrawal of the Yankee forces from every foot of Confederate ground, including Kentucky and Missouri.

"Withdrawal of the Yankee soldiers from Maryland until that State shall decide by a free vote whether she shall remain in the old Union or ask admission into the Confederacy.

"Consent on the part of the Federal Government to give up to the Confederacy its proportion of the navy as it stood at the time of secession, or to pay for the same.

"Yielding up of all pretention on the part of the Federal Government to that portion of the old Territories which lie west of the Confederate States.

"An equitable settlement on the basis of our absolute independence and equal rights of all accounts of the public debt and public lands, and the advantages accruing from foreign treaties."

Now, in view of the fact that neither Jeff. Davis, his Cabinet nor his Congress has ever made the slightest advances towards terms of peace not predicated upon the absolute and unconditional acknowledgment of their independence, is it not reasonable to believe that the democratic party are perfectly willing to dissolve the the Union for the sake of peace?

At a recent meeting of the Democratic Association in Washington, Dr. Allen declared that he would make every proposition to the South to come back again, but if they failed, he would not prosecute a war against a people who had a right to declare what form of government they would live under. Amos Kendall, who was present, said "that was just what our opponents would have us say—that we were willing to divide the Union, if a compromise could not be had. Let us first elect our men; unite to put down this iniquitous administration, and then we can do this or any other thing that may be practicable." And the Boston *Courier*, in remarking upon the proceedings, says Mr. Kendall "gives the true key-note to the Democratic music." Undoubtedly he does. Not a word against the proposition to divide the Union. We must put down this administration, says Mr. Kendall, and then we can "do this or any other thing that may be practicable." Let us choose good and true men, says the *Courier*; that is, let us choose our men, "and all the rest may be safely left to the future."

None of the insane ranters that poisoned the air with their treasonable utterances last week in Chicago had one word to say against the dissolution of the Union. Nor is there anything in their platform which pledges the democracy to prosecute the war "*constitutionally*" and preserve the Union, if their peace efforts fail them. There never was a party so completely bamboozled with an impracticable hallucination as the copperheads are, if they think they can have any substantial peace unless we conquer it.

Mr. SEWARD is said to have directed Mr. Adams to make a requisition on the British Government for Semmes. The Paris *Pays* says: "Mr. Adams was directed to sound Lord Russel on the subject. But the first overtures of the American Minister were met by the head of the Foreign Bureau with a peremptory refusal. 'If the Captain of the Kearsarge,' said the Earl, 'wished to get possession of Captain Semmes and his sailors, he had only to take them on board the Deerhound.' Mr. Adams replied, that once on board the Deerhound they were under the protection of the British flag. He was then informed that they were still more decidedly under that protection now. Mr. Adams closed the interview in a decidedly dissatisfied state of mind; and this discussion taken in connection with the enrollments in Ireland, has increased the coolness already existing between the Cabinet of London and the Government of Mr. Lincoln."

A BOY in Portland plunged his head so far into the mud while bathing that he was unable to extricate himself. When recovered life was extinct.

WILLIAM SWINTON, the able war correspondent of the New-York *Times*, has a long correspondence in that sheet proving that the war can be speedily ended by reinforcing Grant. He says: "The present front of the rebellion, menacing though it be, is really nothing more than a mask, concealing the hollowness and rottenness within. The South is literally exhausted—exhausted of that without which it is impossible to carry on war—exhausted of men. The field, in the impressive expression of Napoleon regarding France after the three conscriptions, is reaped down to the stubble. Out of an available fighting population of upward of three-quarters of a million with which the war was inaugurated, they have saved an effective force of one hundred and fifty, perhaps two hundred thousand men. The rest are in their graves, in the hospitals, disabled or prisoners in our hands. These are the forlorn hope of the rebellion."

He continues: "It is no poor judgment of mine, but the authoritative utterance of the head of all our armies, that it is in the hands of the people to end the rebellion at a blow. *Lieut. Gen. Grant has declared; that 'if he had now but* 100,000 *fresh men he could, in fifty days, do up all the fighting that needs to be done during the war.'* This is no shallow hearsay; it is the authentic declaration of the high name given, and the sentiment is affirmed by every military man I have lately met."

Lively Time in San Francisco.

There was a serious shooting affray on our principal street (Montgomery,) which resulted in the death of four persons. The facts such as are ascertained, are as follows: It seems one Bill Davis, a noted gambler, who resides at Yreka, was interested in and drove a horse race which came off at Placerville on the 15th inst., and "thowed" the race, making 4,500 by it. Hank Stevens, Ball, Dutch Abe, and Spanish Bob, four "sports," backed D.'s horse, and got broke; swore vengeance, killing on sight, etc. On the 18th they all came to this city (except D.) and publicly said they were going to shoot D. on sight, etc. On the 21st D. came in town, and at 2 o'clock P. M. was sitting having his boots polished in a black's adjoining the Fashion, when Ball and Dutch Abe came to the door, and looking in exclaimed: Here's the dirty thief now!" and drawing their revolvers, commeced shooting. D. jumped out of the chair with one boot polished, and drawing his revolver fired, and Ball fell dead across an iron grating. D then jumped out on the sidewalk, laughingly saying, "You've made a mistake," and fired at Dutch Abe, the ball taking effect in his right breast. He fell, when D. ran and caught the revolver from Ball's hands, saying, as he walked toward the door of the Fashion, "Where's the rest of you murderers?" Blood was running down D.'s left hand from the arm, and also from the right cheek. As he was on the point of entering the door, he was met by Stevens and Spanish Bob, when D. raised the revolver in his right hand and fired twice. Stevens fell, and Spanish Bob jumped over him on the sidewalk and fired. D. staggered, but recovering, They (Davis and Spanish Bob) commenced in good earnest, each striving to fire a deadly shot D. was laughing all the time. They then commenced firing at each other, about twenty feet apart. After D. had fired two shots he threw the revolver at S. B. and, changing the revolver he took from Ball into his right hand, he raised it, and it snapped three times; the fourth time it went off, and S. B. fell. (D. had fallen before this, and was laying on his breast on the banquette.) D. threw the revolver into the street, saying: "H—ll and furies, d—m the thing." He then pulled a "derringer," and both (only having one shot each) began crawling towards each other on their stomachs. When about five feet apart they both raised partly up, and fired simultaneously, when S. B.'s head fell, and he remained perfectly still. D. then said, crawling towards S. B. "He's gone; I cooked him!" and then partly turned on his side and tried to rise.

On examination Ball and Spanish Bob were dead, Dutch Abe and Stevens mortally wounded, the first having been shot through the right lung, causing internal hemorrhage, etc., the latter was shot thro' the left breast.

S. B. had four wounds on him—two in right breast, one in right arm, and one between the eyes. Ball had a ball in the heart. Davis has six wounds; two in the right leg, one in right breast, one in left shoulder, one in left wrist (through), and one on right cheek, where a bullet had struck the cheek bone and glanced off, cutting out a piece of flesh of the size of a ten cent piece.

Stevens died on the 14th, at 10:40 a. m. Dutch Abe died yesterday morning. Doctors say Davis will certainly recover.

Davis is able to converse, but, should he recover, he will have to take his trial on four charges for murder. The Grand Jury has found four bills against him. He will get clear, as they fired first. Every one says he is the gamest man they ever saw. He is a native of Mobile, Ababama.

THE Jackson County *Banner* thus tells the troubles and losses that beset our Southern recruiting agents:

"Mr. E. L. Brockway, who is South procuring substitutes for this town, had procured eleven negroes and was on his way home with them, when Wheeler's cavalry made a raid on the railroad, cutting it in a half a dozen places. The train he was on was attacked, but he escaped, and so did most of the negroes, they taking to the woods. He got five negroes as far as Nashville, when the Provost Marshal impressed them, and Brockway was left without a nigger to his back. Other agents were equally unlucky; one from Ohio was captured and held a prisoner for two days, and lost $4,100 in greenbacks. There were agents there with as high as $30,000, endeavoring to procure substitutes. Brockway will make another trial before he returns, but the prospect is quite poor.

Exceeding sorry are we that Mr. Wheeler took it into his head to raid just then. We had invested in the enterprise, and the nigger that we had hoped to 'fondly call our own,' is now, peradventure, rooting for a living in the woods of Georgia. Alas how uncertain is niggers!

THE FOLLOWING is a verbatim report of Gen. Rosecrans' neat and telling little speech before the Chicago Board of Trade on Saturday, to which allusion has been made in our Chicago specials: "I came into the the city by accident, and would rather it would not be known at the present time; but, gentlemen, if you will keep it in the dark until 9 o'clock to-night, I will be out of the way. You don't know how much good you have done in the front and for your country, by your patriotism. It has been a great blow given for your country. May God bless you."

CHOLERA is very prevalent in the Provinces of British India. People are dying in some of the towns at the rate of forty or fifty daily.

The Right of Self-Government.

If we could seriously believe with Jefferson Davis, in his replies to Colonel Jacques, that the South were fighting for self-government, we should not only oppose the war, but take part at once with the South.

But there never was a more groundless or fallacious pretence than this set up by Davis and his followers, in excuse of the bloody rebellion which they began and continue. If the people of the South from the Revolution to this time, have not enjoyed the completest rights of self-government, then no people in the world have; certainly no people in any of the American States have; and our whole system of federal union is the most stupendous sham on record. The people of New York and Massachusetts have been no freer or more independent than they; we possess no rights which they do not possess; the complaints made by one may be made with equal pertinency and force by the other; and the same reasons which are alleged to justify the revolt of South Carolina might be made to justify a revolt by Ohio or Vermont. All stand on the same footing, all are entitled to the same privileges, none hold or exercise prerogatives of any sort, or may justly claim the slightest pre-eminence of right or freedom.

What a shameless and preposterous assumption it is, then, to assert that any part of the nation has been divested of its rights of self-government by a system so just, liberal and beneficent! Yet it is upon this poor and sorry fetch that Jefferson Davis seeks to wash his hands of the oceans of blood shed in this sanguinary war.

But what Davis means, if he means anything beyond the effect of his words abroad, is, that the South demands the right to resist at will any act of the federal Congress that may seem to it injurious or unnecessary. Secession at will, such as the constitution of the confederacy provides for—bold, naked, undisguised disunion—constitutes what is termed independence, or the right of self-government. In the ordinary acceptation the right means only the right to an equal share in the control of the government, such as we have always held in this country, but in the gloss of the slaveholders it has a deeper significance, and becomes the right to overturn and destroy the government, by either peaceable or violent methods.

Now we have greatly mistaken the people of the North if they will ever consent to incorporate so anarchial and destructive a doctrine among their constitutional principles. The right of revolution, as the last resort of an oppressed people, of a people driven to the extremity of suffering, by wrongs that can be averted in no other way, they will maintain; they will maintain it, however, as an abnormal or irregular method, imposed by necessity, not choice; but the right to annihilate constitutions as a part of the regular political procedure they never will admit until they have lost alike their morality and their wits. Putting the issue of the war, then, upon Davis's ground, we do not see how there can be any reconciliation; we do not see how any party can propose terms of peace, which will not be, in effect, terms of disunion. To grant the right of secession is to grant disunion, and the South will gain by consent what she now seeks to gain by war. Is there any party willing to concede this, willing to concede a principle which would sooner or later disintegrate the nation, and render anarchy a rule, not an exception? *Yet Davis demands no less than this as the very condition of negotiation;* we must recognize his right to self-government, that is, his right to annul any compact in which he may engage, before he will treat with us; but, by his own showing, how can we treat at all with one who contends that the right to abrogate compacts at will is the very substance of self-government.—*N. Y. Evening Post, August* 18.

Ratified at Last---Great Meeting?

It is probable that no Presidential nominations ever made by the Democratic party have fallen so flat and dead upon even the party itself, as the late nominations at Chicago. Even in this Democratic city, scarcely a gun has yet been fired, a bonfire lighted or a cheer uttered for "Mick Lellan," since his name was announced as the candidate. But last night, by dint of special trains of cars, importation of great democratic celebrities, and large expenditures, some little enthusiasm was gotten up; and the miscellaneous crowd of one or two thousand who assembled in Market Square, did make that interesting neighborhood vocal for a brief season. George B. Smith led off in his well known style and at his usual length. Judge Mallory followed with a fair specimen of his classic style of stump oratory, highly complimenting everybody in general, and particularly his black republican friends.

He gave way to Gov. Seymour of New York, who made an able and calm effort that seemed altogether out of place just when and where it was spoken. But candor requires us to say that the Govenor actually threw off the demagogue last eyening, and delivered an argument that was creditable to him, in a spirit and temper that would answer very well for a model to some of the speakers afore-mentioned.

A few more cheers, a little more brass band, and the "throng" pursued their devious way towards home.

The meeting was announced as a "big thing." Pendleton was to be there. The martyred Vallandigham, &c., &c.

But the above was all there was to it.—*Daily Wisconsin.*

FOUR POINTS ESTABLISHED.—The following four points may be considered as established by the visit of Messrs. Gilmore and Jacques to Richmond:

1st. That the rebels do not demand any better terms than the government offers relative to slavery, and that their only grievance is this, viz: that we insist upon their remaining in the Union.

2d. That the attempts of the Niagara junto or any person else to spread an impression that the rebels will agree to any terms of peace short of a dissolution of the Union are deceitful.

3d. That the rebel leaders will not submit the question of peace to the people.

4th. That the rebel leaders will not allow the majority to rule.—*Boston Daily Advertiser, Aug.* 19.

SAD ACCIDENT.—Fuldine Steel, a boy aged about 15 years, was accidently shot, near this village on Wednesday last. He and another boy—a comrade—were out hunting, having a shot gun between them. The deceased was sitting upon a fence, while his comrade was some yards in advance of him, carrying the gun on his shoulder, when, by some means not yet ascertained the gun exploded, the contents entering his bowels, intestines and liver. He lived only about 12 hours after the accident, and suffered great pain.—*Waukesha Freeman.*

THE rebels claim to have gleaned over two million dollars worth of small arms equipments, lead, etc., from the battle-fields of the Wilderness at Spottsylvania. The Richmond *Dispatch* enumerates among the spoils 30,000 small arms and 25,000 pounds of lead.

THE police of Nashville arrest all water-melon and peach eaters who throw the rinds or skins on the side-walk. They are fined one dollar each for every offence.

DIARRHŒA AND DYSENTERY.

We have examined a great number of letters from some of the most prominent citizens of Cincinnati and Covington, etc., speaking in the highest terms of Dr. Strickland's Anti-Cholera Mixture for the cure of diarrhœa and dysentery. The letters are too long to publish. Mr. Woods, of Covington, says he was pronounced incurable by the best doctors in Cincinnati, and one bottle of Dr. Strickland's Anti-Cholera Mixture effected a permanent cure after suffering for months with the worst form of diarrhœa and dysentery.

Another, says he was discharged from the United States service after suffering in the hospital for eight months as incurable, and as a last resource tried Strickland's Anti-Cholera Mixture. He got well directly and has now entered the army again in good health. One man writes he has cured seven or eight very bad cases of diarrhœa and dysentery in the barracks he was in with one bottle of this valuable medicine. In fact we could fill half our paper with similar items from those letters. Why does not our government secure this valuable preparation? Our army ought to be supplied with it. It is but a short time since one of our men lay in a very low condition at one of our Cincinnati Hospitals, his wife was sent for. The doctors considered his case an hopeless case. She, however, gave him Strickland's Anti-Cholera Mixture, and in three weeks he was able to return home with his wife to New Richmond, O. All these cases right at home speak for themselves. We hope all the soldiers will put a bottle of it in their knapsacks. It may save them or some of their comrades. It is for sale by Druggists at 65 cents per bottle.

Peoples' Edition of Parton's

Gen. Butler in New Orleans.

One Volume, Octavo, Paper, Price 75c.

With the view of meeting the extensive popular demand for this remarkable book, this edition has been prepared. The page and type are similar to those of *Harper's Magazine*. Some of the less important documents are omitted, and in some instances the account has been condensed, yet never so as to interfere with the interest or completeness of the story.

Unquestionably this book stands pre-eminent in interest among all yet occasioned by the rebellion. Its subject and author combine to render it fascinating. Fifteen editions have been called for as fast as they could be printed. It has been most warmly commended by the loyal press of the country, and scarcely less so by a portion at least of the English press, by whom it is acknowledged to be a complete vindication of Gen. Butler from the malicious charges which envy and hatred have brought against him.

It contains an anecdotal sketch of Gen. Butler's brilliant and remarkable career at the bar of Massachusetts; a history of the secret movements in the Charleston Convention; conversations between Gen. Butler and the leading secessionists at Washington in December, 1860; the real plans of the traitors; Gen. Butler invited to join them; his advice to Buchanan; his efforts in preparing Massachusetts for war; the celebrated march, via. Annapolis, to Washington; collision with Gen. Scott; his course at Fortress Monroe; the history of the *contrabands*; his advice to the Administration how to take Richmond; the truth about the battle of Great Bethel; the Hatteras Expedition; the secret history of the New Orleans Expedition; the adventures of the General in getting to Ship Island; a full account of the capture of New Orleans; the landing of the troops in the city; a complete narrative of succeeding events, with a large number of highly interesting narratives and anecdotes never before published; the recall of Gen. Butler, and the explanation given of it by the Government; his present opinions upon the great issues before us.

Edition in large type, crown, 8vo., cloth, 662 pages, price $2.50. People's Edition, 8vo., paper, 75 cents. German Edition $1. Sent by mail on receipt of price.

NEEDLES!!

TO THE LADIES.

We most respectfully solicit your kind attention for a moment to a matter which, though apparently trifling, is nevertheless of considerable importance to your convenience, patience and comfort. Every lady, no matter what her position in society, whether it be one of ease and affluence, or one of toil and poverty, has occasion almost daily to ply the busy needle; how and where to procure needles of perfect quality, is, therefore, a question of some interest to you all. The Needles known as "R. J. Roberts" are of this description. They are made of

Extra Refined Swedish Steel,

are tempered by a new and improved process, which render them uniform, smooth, bright, strong and pliable; their eyes are drilled and silver burnished; their points are hard, sharp, and gently tapering. In addition to these advantages, they are put up in

PATENT WRAPPERS,

which renders them much more convenient. In nearly all the large cities of Europe and America their sale is extensive, and their reputation unequaled. They will not easily break nor bend; they will not chafe the thread; they will not turn up nor break off at the points. Each of them is warranted to sew a long while, easily and well.

over the old prices, though furniture has everywhere else advanced at least from 25 to 75 cents over the old rates, and as it may be believed, that he, too, asks more for furniture than he did before, he will disprove this to every one who will call and examine his stock, as he is sure to give entire satisfaction to the most fastidious, both in regard to price, quality and beauty of style, which can not be surpassed here or elsewhere.

Among my numerous articles I can only mention Sofas, Tete-a-Tetes, Sofa, Mahogany, Flag, Cane and Wooden Seat, Chairs, Lounges, Marble Top, Center, Card, Extension, Dining, Breakfast and Kitchen Tables. Mahogany, Cherry and Black Walnut, Bureaus of all kinds, Bedsteads of every description, Coffins of all sizes and trimmed in every variety of style constantly on hand.

We have taken the agency of the above named Insurance Company for Rock county, and intend either personally or by substitutes to canvass the whole county soliciting business in its behalf. It is a stock company, and stands among the heaviest and most reliable institutions in New York. Dividing 75 per cent. of its net profits among its participating policy holders, makes it one of the most desirable companies in which to insure. Risks taken on merchandise, buildings, and all homestead property at the customary rates. J. S CHAPIN.

MADISON MUTUAL INSURANCE COMPANY.
A Statement of the business of the Company for the six months ending June 30, 1864:

Number of policies issued	6,618
Amount of risks thereon	$6,158,118 23
Premium notes thereon	88,784 17
Cash premiums thereon	69,150 20
Losses adjusted and paid	13,179 13

Statement of the business of the Company for the corresponding term of the last four years:

	Policies issued.	Premium notes	Cash Premiums.
1860 to June 30	4,781	$60,558 13	$16,008 32
1861 to June 30	2,960	51,179 41	20,094 01
1862 to July 21	4,702	68,670 51	38,593 05

1864 to June 30	6,618	88,784 17	69,150 20

It is gratifying to the officers, as it must be pleasing to the members, to exhibit the foregoing evidence of the rapid increase of business and the present condition of the Company. The public faith, at first awakened by our able and untiring agents, and confirmed by the unswerving fidelity of the Company to its professions, has matured into a confidence which cannot be shaken by charlatan opponents or jealous rivals.
The citizens of this State have built up a home company which gives them ample protection, and precludes the necessity of sending their money abroad for a security which they give to one another. It needs no Tavern trumpet to sound its praise, the hundreds to whom property and home have been restored by its beneficence, and its immense and rapidly increasing business, are at once evidence of its guardianship and popularity.
Its best eulogium is its large home endorsement, and where it is most known it is in vain for others to solicit the risks which come within its rules. Its present unimpaired capital is considerably over $500,000, consisting of premium notes and cash assets, and while it combines security and economy in a degree hardly paralleled, it is believed that no mutual fire insurance company in the United States presents a larger capital and a business as great.

GOTTSCHALK ON KNABE!
[Translated from the French.]
After having played on the Pianos of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, (chrystalline,) and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal if not superior to the best manufactured in Europe or this country by the most celebrated makers.
Signed, L. M. GOTTSCHALK.

STOMACH BITTERS.
STOMACH BITTERS.
STOMACH BITTERS.
The proprietors of this justly esteemed and well known brand of Stomach Bitters, do not deem it necessary, in order to give their goods fictitious, or even an enhanced value, to take *of fining at all* other Bitters, and proclaim in small capitals that they are worthless. Our Bitters do not need this, as we place them before the public on their merits, and invite your careful attention to the goods we allow our brand upon, knowing as we do so, that our reputation is at stake. The name, "Red Jacket," is taken from the original compound by the native child of the forest, and with the addition of a few herbs by Dr. Chapin, made more agreeable to the taste, they have now a peculiarly healthy, soothing and recuperative influence, especially for the patient rising from the bed of sickness, loss of appetite, distress after eating, dizziness, and all diseases arising from Torpid Liver or Indigestion.
They strengthen and invigorate the system.
They are unequaled for general debility.
They are a sure cure for dyspepsia.
They give a good and healthy appetite.
They assist digestion.
They are the best stimulant for existence.
They are a sure preventive of Fever and Ague.
They relieve constipation.
They cure Nervous Headache.
They are perfectly pure and palatable.
They make the debilitated strong, and restore to strength the exhausted.
Aged persons and delicate females will find they can save large doctor's bills by the use of these Bitters.
We take pleasure in calling attention to our very extensive catalogue of Bitters and Cordial goods, consisting in part of

CYRUS PECK, Assistant Secretary.
A. C. DAVIS, Madison, State Agent.

We have taken the agency of the above named Insurance Company for Rock county, and intend either personally or by substitutes to canvass the whole county soliciting business in its behalf. It is a stock company, and stands among the heaviest and most reliable institutions in New York. Dividing 75 per cent. of its net profits among its participating policy holders, makes it one of the most desirable companies in which to insure. Risks taken on merchandise, buildings, and all household property at the customary rates. J. S. CHAPIN. 787jly14dawtf

MADISON MUTUAL INSURANCE COMPANY.

A Statement of the business of the Company for the six months ending June 30, 1864:

Number of policies issued	6,018
Amount of risks thereon	$6,458,118 33
Premium notes thereon	88,784 17
Cash premiums thereon	69,150 20
Losses adjusted and paid	13,179 13

Statement of the business of the Company for the corresponding term of the last four years:

	Policies issued.	Premium notes	Cash Premiums.
1860 to June 30	1,712	$2,458,458 45	$16,036 32
1861 to June 30	2,960	51,379 44	26,094 61
1862 to July 21	4,702	68,670 30	38,903 05

1864 to June 30	6,018	88,784 17	69,150 20

It is gratifying to the officers, as it must be pleasing to the members, to exhibit the foregoing evidence of the rapid increase of business and the present condition of the Company. The public faith, at first awakened by our able and untiring agents, and confirmed by the unswerving fidelity of the Company to its professions, has matured into a confidence which cannot be shaken by charlatan opponents or jealous rivals.

The citizens of this State have built up a home company which gives them ample protection, and precludes the necessity of sending their money abroad for a security which they give to one another. It needs no brazen trumpet to sound its praise, the hundreds to whom property and home have been restored by its beneficence, and its immense and rapidly increasing business, are at once evidence of its guardianship and popularity.

Its best eulogium is its large home endorsement, and where it is most known it is in vain for others to solicit the risks which come within its rules. Its present unimpaired capital is considerably over $600,000, consisting of premium notes and cash assets, and while it combines security and economy in a degree hardly paralleled, it is believed that no mutual fire insurance company in the United States presents as large a capital and a business as great.

COTTSCHALK ON KNABE.

[Translated from the French.]

After having played on the Piano of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, (chrystaline,) and I do not hesitate to express in regard to those instruments my entire satisfaction, and to declare that they are equal if not superior to the best manufactured in Europe or this country by the most celebrated makers.

STOMACH BITTERS.
STOMACH BITTERS.
STOMACH BITTERS.

The proprietors of this justly esteemed and well-known brand of Stomach Bitters, do not deem it necessary, in order to give their goods a fictitious, or even an enhanced value, to take *a fling* at *all* other Bitters, and proclaim in small capitals that they are worthless. Our Bitters do not need this, as we place them before the public on their merits, and invite your careful attention to the goods we allow our brand upon, knowing as we do so, that our reputation is at stake. The name, "Red Jacket," is taken from the original compound by the native child of the forrest, and with the addition of a few herbs by Dr. Chapin, made more agreeable to the taste, they have now a peculiarly healthy, soothing and recuperative influence, especially for the patient rising from the bed of sickness, loss of appetite, distress after eating, dizziness, and all diseases arising from Torpid Liver or Indigestion.

They strengthen and invigorate the system.
They are unequaled for general debility.
They are a sure cure for dyspepsia.
They give a good and healthy appetite.
They assist digestion.
They are the best stimulant in existence.
They are a sure preventive of Fever and Ague.
They relieve constipation.
They cure Nervous Headache.
They are perfectly pure and palatable.
They make the debilitated strong, and restore to strength the exhausted.

Aged persons and delicate females will find they can save large doctor's bills by the use of these Bitters.

A Statement of the business of the Company for the six months ending June 30, 1864:

Statement of the business of the Company for the corresponding term of the last four years:

1864 to June 30	6,613	88,784 17	69,150 20

It is gratifying to the officers, as it must be pleasing to the members, to exhibit the foregoing evidence of the rapid increase of business and the present condition of the Company. The public faith, at first awakened by our able and untiring agents, and confirmed by the unswerving fidelity of the Company to its professions, has matured into a confidence which cannot be shaken by charlatan opponents or jealous rivals.

The citizens of this State have built up a home company which gives them ample protection, and precludes the necessity of sending their money abroad for a security which they give to one another. It needs no brazen trumpet to sound its praise, the hundreds to whom property and home have been restored by its beneficence, and its immense and rapidly increasing business, are at once evidence of its guardianship and popularity.

Its best eulogium is its large home endorsement, and where it is most known it is in vain for others to solicit the risks which come within its rates. Its present unimpaired capital is considerably over $500,000, consisting of premium notes and cash assets, and while it combines security and economy in a degree hardly paralleled, it is believed that no mutual fire insurance company in the United States presents as large a capital and a business as great.

From the Hon. Thomas B. Florence.
From the Hon. Thomas B. Florence.
From the Hon. Thomas B. Florence.

WASHINGTON, Jan. 1st, 1864.

Gentlemen:—Having stated it verbally to you, I have no hesitation in writing the fact, that I experienced marked benefit from your Hoofland's German Bitters. During a long and tedious session of Congress, pressing and onerous duties nearly prostrated me. A kind friend suggested the use of the preparation I have named. I took his advice, and the result was improvement of health, renewed energy, and that particular relief I so much needed and obtained. Others may be similarly advantaged if they desire to be.

Truly your friend, THOMAS B. FLORENCE.

From **John B. Withersham,** Esq., firm of Withersham and Hutchinson, the celebrated manufacturers of Fancy Iron Works, 259 Canal street:

I am the recipient from you of one of the greatest favors that can be conferred upon man, viz., that of health. For many years have I suffered from one of the most annoying and debilitating complaints that the human family can be afflicted with, Chronic Diarrhœa.

During the long time I was suffering from this disease, I was attended by regular physicians, giving me but temporary relief. The cause seemed to remain until I was induced to try Hoofland's German Bitters. After the use of a few bottles of that valuable medicine, the complaint appeared to be completely eradicated.

I often inwardly thank you for such a valuable specific, and, when I have an opportunity, cheerfully recommend it, with full confidence in its reliability.

Truly yours, JOHN B. WITHERSHAM.
New York, Feb. 2, 1864.

From **Julius Lee,** Esq., firm of Lee & Walker, the most extensive Music Publishers in the United States, No. 722 Chestnut street, Philadelphia.

February 8th, 1864.

Messrs. Jones & Evans—Gentlemen: My mother-in-law has been so greatly benefitted by your Hoofland's German Bitters that I concluded to try it myself. I find it to be an invaluable tonic, and unhesitatingly recommend it to all who are suffering from dyspepsia. I have had that disease in its most obstinate form—flatulence—for many years, and your Bitters has given me ease when everything else had failed.

Yours truly, JULIUS LEE.

From the Hon. Jacob Broom.

PHILADELPHIA, Oct. 7th, 1863.

Gentlemen:—In reply to your inquiry as to the effect produced by the use of Hoofland's German Bitters in my family, I have no hesitation in saying that it has been highly beneficial. In one instance, a case of dyspepsia of thirteen years' standing, and which had become very distressing, the use of one bottle gave decided relief, the second effecting a cure, and the third, it seems, has confirmed the cure, for there has been no symptoms of its return for the last six years. In my individual use of it, I find it to be an unequalled tonic and sincerely recommend its use to the sufferers.

Truly yours, JACOB BROOM, 1707 Spruce.

From **Rev. W. D. Seigfried,** Pastor of the 12th Baptist Church:

PHILADELPHIA, December 26th, 1863.

Messrs. Jones & Evans—Gentlemen: I have recently been laboring under the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of them tested but without relief. Your Hoofland's German Bitters were recommended by persons who had tried them, and whose favorable mention of the Bitters induced me also to try them. I must confess that I had an aversion to Patent Medicines, from the "thousand and one" quack "Bitters," whose only aim seems to be to palm off sweetened and drugged liquor upon the community, in a sly way; and the tendency of which, I fear, is to make many a confirmed drunkard. Upon learning that yours was really a medicinal preparation, I took it with happy effect. Its action not only upon the stomach, but upon the nervous system, was prompt and gratifying. I feel that I have derived great and permanent benefit from the use of a few bottles.

Very respectfully yours, W. D. SEIGRIED, No. 254 Shackamaxon Street.

From the **Rev. Thos. Winter,** D. D., Pastor of Roxbury Baptist Church:

Dr. Jackson—Dear Sir: I feel it due to your excellent preparation, Hoofland's German Bitters, to add my testimony to the deserved reputation it has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters. I did so, and have experienced great and unexpected relief; my health has been very materially benefitted. I confidently recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects.

Respectfully yours, E. WINTER, Roxbourough, Pa.

From **Rev. J. S. Herman,** of the German Reformed Church, Kutztown, Berks county, Pa.

Dr. C. Jackson—Respected Sir: I have been troubled with Dyspepsia nearly twenty years, and have never used any medicine that did me as much good as Hoofland's German Bitters. I am very much improved in health, after having taken five bottles.

Yours, with respect, J. S. HERMAN.

MADISON MUTUAL INSURANCE COMPANY.

A Statement of the business of the Company for the six months ending June 30, 1864:

Number of policies issued	6,618
Amount of risks thereon	$6,458,118 33
Premium notes thereon	88,784 17
Cash premiums thereon	69,150 20
Losses adjusted and paid	13,179 13

Statement of the business of the Company for the corresponding term of the last four years:

	Policies issued.	Premium notes	Cash Premiums.
1860 to June 30	1,763	$30,558 43	$16,008 32
1861 to June 30	2,960	51,470 44	26,094 61
1862 to July 21	4,702	68,570 30	38,893 05
1863 to June 30	5,277	59,417 42	42,946 08
1864 to June 30	6,618	88,784 17	69,150 30

It is gratifying to the officers, as it must be pleasing to the members, to exhibit the foregoing evidence of the rapid increase of business and the present condition of the Company. The public faith, at first awakened by our able and untiring agents, and confirmed by the unswerving fidelity of the Company to its professions, has matured into a confidence which cannot be shaken by charlatan opponents or jealous rivals.

The citizens of this State have built up a home company which gives them ample protection, and precludes the necessity of sending their money abroad for a security which they give to one another. It needs no brazen trumpet to sound its praise, the hundreds to whom property and home have been restored by its beneficence, and its immense and rapidly increasing business, are at once evidence of its guardianship and popularity.

Its best eulogium is its large home endorsement, and where it is most known it is in vain for others to solicit the risks which come within its rules. Its present unimpaired capital is considerably over $500,000, consisting of premium notes and cash assets, and while it combines security and economy in a degree hardly paralleled, it is believed that no mutual fire insurance company in the United States presents as large a capital and a business as great.

FLORENCE SEWING MACHINE

Over the Post Office!

There is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric; such are the machines of the

FLORENCE SEWING MACHINE COMPANY!

Who take pleasure in placing their machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantages of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the saving of time in stepping to change the length of stitch, is obviated by this machine.

Any correspondence regarding our machines will be promptly answered. Enclose a letter stamp and we will send circular and sample of work by return mail.

From the Hon. Thomas B. Florence.

From the Hon. Thomas B. Florence.

From the Hon. Thomas B. Florence.

WASHINGTON, Jan. 1st, 1864.

Gentlemen:—Having stated it verbally to you, I have no hesitation in writing the fact, that I experienced marked benefit from your Hoofland's German Bitters. During a long and tedious session of Congress, pressing and onerous duties nearly prostrated me. A kind friend suggested the use of the preparation I have named. I took his advice, and the result was improvement of health, renewed energy, and that particular relief I so much needed and obtained. Others may be similarly advantaged if they desire to be.

Truly your friend, THOMAS B. FLORENCE.

From **John B. Withersham,** Esq., firm of Withersham and Hutchinson, the celebrated manufacturers of Fancy Iron Works, 259 Canal street:

I am the recipient from you of one of the greatest favors that can be conferred upon man, viz., that of health. For many years have I suffered from one of the most annoying and debilitating complaints that the human family can be afflicted with, Chronic Diarrhœa.

During the long time I was suffering from this disease, I was attended by regular physicians, giving me but temporary relief. The cause seemed to remain until I was induced to try Hoofland's German Bitters. After the use of a few bottles of that valuable medicine, the complaint appeared to be completely eradicated.

I often inwardly thank you for such a valuable specific, and, when I have an opportunity, cheerfully recommend it, with full confidence in its reliability.

Truly yours, JOHN B. WITHERSHAM.

New York, Feb. 2, 1864.

From **Julius Lee,** Esq., firm of Lee & Walker, the most extensive Music Publishers in the United States, No. 722 Chestnut street, Philadelphia.

February 8th, 1864.

Messrs. Jones & Evans—Gentlemen: My mother-in-law has been so greatly benefitted by your Hoofland's German Bitters that I concluded to try it myself. I find it to be an invaluable tonic, and unhesitatingly recommend it to all who are suffering from dyspepsia. I have had that disease in its most obstinate form—flatulence—for many years, and your Bitters has given me ease when everything else had failed.

Yours truly, JULIUS LEE.

From the Hon. Jacob Broom.

PHILADELPHIA, Oct. 7th, 1863.

Gentlemen:—In reply to your inquiry as to the effect produced by the use of Hoofland's German Bitters in my family, I have no hesitation in saying that it has been highly beneficial. In one instance, a case of dyspepsia of thirteen years' standing, and which had become very distressing, the use of one bottle gave decided relief, the second effecting a cure, and the third, it seems, has confirmed the cure, for there has been no symptoms of its return for the last six years. In my individual use of it, I find it to be an unequalled tonic, and sincerely recommend its use to the sufferers.

Truly yours, JACOB BROOM, 1707 Spruce.

From **Rev. W. D. Seigfried,** Pastor of the 12th Baptist Church:

PHILADELPHIA, December 26th, 1863.

Messrs. Jones & Evans—Gentlemen: I have recently been laboring under the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of them tested but without relief. Your Hoofland's German Bitters were recommended by persons who had tried them, and whose favorable mention of the Bitters induced me also to try them. I must confess that I had an aversion to Patent Medicines, from the "thousand and one" quack "Bitters," whose only aim seems to be to palm off sweetened and drugged liquor upon the community, in a sly way; and the tendency of which, I fear, is to make many a confirmed drunkard. Upon learning that yours was really a medicinal preparation, I took it with happy effect. Its action not only upon the stomach, but upon the nervous system, was prompt and gratifying. I feel that I have derived great and permanent benefit from the use of a few bottles.

Very respectfully yours, W. D. SEIGRIED,

No. 254 Shackamaxon Street.

From the **Rev. Thos. Winter,** D. D., Pastor of Roxbury Baptist Church:

Dr. Jackson—Dear Sir: I feel it due to your excellent preparation, Hoofland's German Bitters, to add my testimony to the deserved reputation it has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters. I did so, and have experienced great and unexpected relief; my health has been very materially benefitted. I confidently recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects.

Respectfully yours, E. WINTER,

Roxbourough, Pa.

From **Rev. J. S. Herman,** of the German Reformed Church, Kutztown, Berks county, Pa.

Dr. C. Jackson—Respected Sir: I have been troubled with Dyspepsia nearly twenty years, and have never used any medicine that did me as much good as Hoofland's German Bitters. I am very much improved in health, after having taken five bottles.

Yours, with respect, J. S. HERMAN.
